2. The highways and transportation commission of the state of Missouri is authorized to create a state system of scenic byways in order to create and preserve rustic, historic or scenic roads and highways for vehicular, bicycle and pedestrian travel in unhurried, quiet and leisurely enjoyment; to protect and preserve a part of Missouri's transportation history, historic roads and cultures, recreational driving, beauty, trees, vegetation and wildlife by establishing protective standards for scenic byway design, access, maintenance, preservation, and identification, which will promote a continuous system of scenic byways for the public health and welfare. **The Missouri department of transportation shall have the same power and authority over private property along a road or highway that has been designated a scenic byway that the department had over the private property prior to the road or highway being designated as a scenic byway. Nothing in this section shall be construed as granting the department power to acquire scenic easements within an area designated as a scenic byway. 3. Any county commission or the governing body of any municipality may apply to the Missouri highways and transportation commission for the designation of any road or highway, all or part of which is under its jurisdiction, as a scenic byway after a public hearing with at least a thirty-day prior notice. designation of the road or highway as a scenic byway.

4. Any county commission or the governing body of any municipality may apply to the commission for the removal of any road or highway from the scenic byways system after a public hearing with at least a thirty-day prior notice. 5. Roads or highways submitted for designation or removal as scenic byways, which are under the joint jurisdiction of two or more municipalities, or one or more municipalities and one or more counties, or two or more counties may not be designated scenic byways or be withdrawn from the scenic byways system by the commission until the governing bodies of all affected municipalities and the county commissions of all affected counties approve of such designation or removal after public hearings with at least thirty-day prior notices.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FOURTH DAY—THURSDAY, APRIL 13, 2006

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“And I said, Oh, that I had wings like a dove! For then would I fly away and be at rest.” (Psalm 55:6)

Creator God, it will be good to return home and be with those You have given us to love and have a longer weekend break, for it will certainly help us to rest and be renewed. But even there, Lord, obligations and responsibilities remain and it would be nice to “fly away” from everything. But You have promised to be with us and sustain us and to provide us the means to accomplish all that lies ahead. So help us use this time to be spiritually refreshed and lovingly connected and find joy and rest in You that will not go away. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Amend Senate Committee Substitute for Senate Bills Nos. 1185, 1163, 1174, 1200 and 1225, Page 7, Section 192.510, Line 8, by inserting after all of said line the following:

“287.717. 1. Beginning January 1, 2004, the administrative surcharge established pursuant to section 287.716 shall be collected from deductible plan policyholders by each insurer at the same time and in the same manner that the premium is collected, but no insurer or its agent shall be entitled to any portion of the administrative surcharge as a fee or commission for its collection. The administrative surcharge is not subject to any taxes, licenses, or fees.

2. All administrative surcharges imposed pursuant to section 287.716 shall be paid to the Missouri director of revenue and shall be deposited to the workers' compensation administrative fund.

3. [The amount of the administrative surcharge due for the current calendar year shall be paid in four approximately equal estimated quarterly installments, and a fifth reconciling installment. The first four installments shall be based upon the amount of administrative surcharge payable in the calendar year for which the surcharge is imposed. The quarterly installments shall be made on the first day of March, the first day of June, the first day of September, and the first day of December. On or before the first day of March of each year, every such insurer shall submit a report, verified by the affidavit of its president and secretary or other chief officers or agents, to the director of the department of insurance, stating the amount of all such total premiums which would have been paid for the deductible portion.

4. If after the end of any calendar year, the amount of the actual administrative surcharge due is less than the total amount of the installments actually paid, the amount by which the amount

paid exceeds the amount due shall only be credited against the administrative surcharge for the following year and deducted from the quarterly installment due on June first and any other payments required by this section until the credit is exhausted. In the event no such payments are due and upon application of the insurer, the director of revenue may refund the amount of credit if no other obligation is owed to the state.

5.] Such surcharge amounts shall be paid quarterly by insurers. Insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. The administrative surcharge amounts shall be deemed paid to the state if they are postmarked by the United States post office or received by the thirtieth day of the month following the end of the quarter in which the amount is owed. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

4. If a deductible plan policyholder fails to make payment of the administrative surcharge, or an insurer fails to make timely transfer to the director of revenue of administrative surcharges actually collected from deductible plan policyholders, as required by this section, a late charge of one-half of one percent of the administrative surcharge unpaid, or transferred, shall be assessed against the liable deductible plan policyholder or insurer. Late charges assessed pursuant to this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers' compensation.

[6.] **5.** If the administrative surcharges imposed by this section are not paid when due, the

deductible plan policyholder or insurer shall be required to pay, as part of such administrative surcharge, interest thereon at the rate of one and one-half percent per month for each month or fraction thereof delinquent. In the event the state prevails in any dispute concerning an assessment of the administrative surcharge, which has not been paid by the policyholder or insurer, interest shall be paid upon the amount found due to the state at the rate of one and one-half percent per month for each month or fraction thereof delinquent.

6. On or before the first day of March of each year such insurer shall submit a report, verified by the affidavit of its president and secretary or other chief officers or agents, to the director of the division of workers' compensation, stating the amount of all such total premiums that would have been paid for the deductible policies during the prior calendar year.

7. The division may authorize electronic transfer of all forms, reports, payments, and other information deemed appropriate by the division as required pursuant to this section and sections 287.690, 287.710, 287.715, and 287.716. Information filed pursuant to this section and sections 287.690, 287.710, 287.715, and 287.716 and under any rules promulgated by the division pursuant to this section and sections 287.690, 287.710, 287.715, and 287.716 shall be confidential and not subject to chapter 610, RSMo.

SECOND REGULAR SESSION

FIFTY-SEVENTH DAY—THURSDAY, APRIL 20, 2006

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“It is honorable for us, to have produced the first legislature who had the courage to declare, that the reason of man may be trusted with the formation of his own opinion.” (Thomas Jefferson)

We praise and give You thanks, O Lord, for Your Word which serves as our road map to direct us upon life’s highways and byways and wisdom to declare what must be said. We thank You for the freedom we enjoy that is enhanced by Your guiding hand in the way we deal with others, especially those who work so tirelessly for us. And we thank You for time to spend with our families and the love we experience and express there. In Your Holy Name we pray. Amen.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 10**.

HOUSE CONCURRENT RESOLUTION NO. 10

Whereas, today 40 million credit cardholders are exposed to the risk of fraud by data thieves; and

Whereas, in 2005, a credit card processing company, CardSystems Solutions, improperly retained masses of data in vulnerable files and data thieves moved in, resulting in approximately 200,000 credit card accounts being reported stolen; and

Whereas, other incidents in 2005 included CitiFinancial disclosing that unencrypted computer tapes for 3.9 million customers were lost by a package deliverer and ChoicePoint, the nation's largest broker of personal information were the target of thieves who were easily able to buy the data of 145,000 consumers; and

Whereas, in the hands of thieves, consumer data becomes liquid assets and must be guarded as such by companies; and

Whereas, with California's passage of a law requiring notice to affected consumers, the entire nation became aware that consumers' assets and identities are increasingly at risk of fraud because of the remarkable success of data thieves

Whereas, several pieces of legislation have been introduced in the United States Congress, including a bill proposing a national requirement for consumer notification with civil penalties for negligent companies, and a comprehensive bill to begin regulating data merchants by requiring registration with the Federal Trade Commission and to impose stronger safeguards, stop the easy access to Social Security numbers, and help identity theft victims regain their fiscal balance:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second

Regular Session, the Senate concurring therein, hereby urge the United States Congress to adopt a comprehensive federal law that protects consumer information from data thieves; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for each member of the Missouri Congressional Delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 37**.

HOUSE CONCURRENT RESOLUTION NO. 37

Whereas, Chamois, Missouri, is a community located along the Missouri River in northern Osage County which has no means to cross the river except by way of bridges located approximately 45 miles to the west and 30 miles to the east; and

Whereas, the people who live in Chamois incur increasingly high costs using present routes in order to reach destinations on the north side of the Missouri River for employment, recreation, and business; and

Whereas, people who live on the north side of the Missouri River are equally restricted from accessing destinations on the south side of the Missouri River, respectively; and

Whereas, locating a ferryboat on the Missouri River at Chamois would allow residents on both sides to cross the River, reducing travel times and travel costs, provide a safer route, and conserve fuel; and

Whereas, locating a ferryboat at Chamois would establish the only reported ferry on the Missouri River and would thereby promote tourism on both sides of the River by attracting more visitors to the area and creating a driving destination for tourists visiting such communities as Hermann, Fulton, and Jefferson City; and

Whereas, locating a ferryboat at Chamois would likewise give residents on the south side of the River access to the Katy Trail located on the north side of the River; and

Whereas, numerous organizations have endorsed the ferryboat at Chamois, including but not limited to the Hermann Area Chamber of Commerce, the Fulton Area Chamber of Commerce, the county commissions for Osage and Callaway counties, the City of Mokane, the City of Chamois, and the Missouri Division of Tourism; and

Whereas, the promoters of the ferryboat at Chamois have requested federal and state funding for the project:

Now, therefore, be it resolved that the members of the House

of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby express support for the Chamois ferryboat and urge the Missouri Department of Economic Development and the Missouri Department of Transportation, along with other state agencies, to assist in securing moneys for locating of the ferryboat; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Governor Matt Blunt, Gregory A. Steinhoff, the Director of the Department of Economic Development, and Peter Rahn, the Director of the Missouri Department of Transportation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 18**.

HOUSE CONCURRENT RESOLUTION NO. 18

Whereas, the Commercial Motor Vehicle Safety Act of 1986 was signed into law with the goal to improve highway safety by ensuring that drivers of large trucks and buses are qualified to operate those vehicles and to remove unsafe and unqualified drivers from the highways; and

Whereas, the federal Act retained a State's right to issue a driver's license, but established minimum national standards which States must meet when licensing commercial motor vehicle drivers; and

Whereas, the federal Act corrected the situation that existed prior to 1986 by making it illegal to hold more than one license and by requiring States to adopt testing and licensing standards for truck and bus drivers to check a person's ability to operate the type of vehicle the driver plans to operate; and

Whereas, since April 1, 1992, drivers have been required to have a commercial driver's license (CDL) in order to drive a commercial motor vehicle. The Federal Highway Administration (FHWA) issued standards for testing and licensing of commercial motor vehicle drivers which require States to issue CDLs to their commercial motor vehicle drivers only after the driver passes knowledge and skills tests administered by the State related to the type of vehicle to be operated; and

Whereas, drivers need CDLs if they are in interstate, intrastate, or foreign commerce and drive a vehicle that meets the federal definition of a commercial motor vehicle; and

Whereas, States develop their own tests which must be at least as stringent as the federal standards; and

Whereas, this restriction does not prohibit States from

allowing a person 18 years of age to qualify for a CDL, because it is limited to intrastate operation only. Such a restriction prohibits a person between the ages of 18 and 21 with a CDL from the interstate operation of a commercial motor vehicle; and

Whereas, the establishment of a controlled pilot program by the Federal Motor Carrier Safety Administration (FMCSA) lowering the federal minimum age for commercial motor vehicle drivers in interstate commerce from 21 to 18, which would include behind the wheel training, mentoring, and an evaluation component, would be the first step in advancing the program while still promoting highway safety; and

Whereas, a FMCSA controlled pilot program for 18 to 21 year-olds has the potential of relieving a severe commercial motor vehicle driver shortage in the States and Nation, and creating excellent career opportunities:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the Federal Motor Carrier Safety Administration to establish a controlled pilot program to evaluate the potential of lowering the age requirements for interstate commercial motor carrier drivers from 21 to 18 years of age; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Administrator of the Federal Motor Carrier Safety Administration, Annette M. Sandberg, and each member of the Missouri Congressional Delegation.

In which the concurrence of the Senate is respectfully requested.

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 1250, Page 8, Section 590.700, Line 9, by inserting after all of said line the following:

“Section 1. 1. Every contractor or other employer working on a public works project in this state shall require each newly hired independent contractor to fill out a federal W-9 form. Copies of the forms shall be forwarded to the department of revenue within thirty days from the hiring of each independent contractor.

2. Any contractor or other employer working on a public works project in this state shall not, in an attempt to avoid tax liability or reporting requirements for any employee, avoid

payments to the unemployment compensation fund under chapter 288, RSMo, or avoid payments to the second injury fund under chapter 287, RSMo, denote or treat such employee as an independent contractor, contract labor, or any other term or category implying the absence of an employment relationship.

3. Any interested party, including a bidder, contractor, subcontractor or any person employed on a public works project, or the department of revenue may, upon reasonable suspicion that any contractor or subcontractor is currently or has misclassified employees as independent contractors, file a complaint with the labor and industrial relations commission alleging a violation of this section.

4. Upon receiving such a complaint, the labor and industrial relations commission shall investigate each claim for a determination of a violation of this section. In determining whether there was a violation of this section, the commission shall compel each contractor or subcontractor to provide records documenting each independent contractor's job title, a description of the work performed on the project and the number of hours the individual in question has worked on the project. Within sixty days of receiving a complaint under this section, the commission shall conduct a hearing to determine a violation of this section. At the hearing, there shall be a rebuttable presumption that any independent contractor who has logged two thousand eighty hours on the project has been misclassified as an independent contractor. This presumption may be rebutted if the employer establishes by a preponderance of the evidence that the independent contractor in question was properly classified. The commission shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts,

books, papers, records, and other documents. Subpoenas may be signed by any member of the commission. In case of failure to obey a subpoena, and upon application by the commission, any judge of a court of competent jurisdiction of the state in which the commission is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt.

5. Either party may appeal the commission's finding to the circuit court of cole county.

6. Any such contractor or other employer who misclassifies an employee as an independent contractor or otherwise misclassifies the employee's employment status shall be fined an amount equal to twice the amount of tax otherwise due on the employee's taxable wages, payments otherwise due to the unemployment compensation fund under chapter 288, RSMo, and payments otherwise due to the second injury fund under chapter 287, RSMo, to be paid to the department of labor.

7. No such contractor or other employer shall terminate or in any manner discriminate against an employee because the employee has communicated to the employer the intent to seek reclassification as an employee instead of an independent contractor or has communicated the intent to file an action alleging a violation of this section.

8. The director of revenue is authorized to take all necessary action to enforce the provisions of this section, including, but not limited to, taking all actions necessary to collect the fines and taxes due pursuant to this section. The director of revenue shall direct to the unemployment compensation fund and to the second injury fund amounts that are collected for payments due to those funds.”; and

Further amend the title and enacting clause accordingly.

Senator Green moved that the above amendment be adopted.

Senator Crowell raised the point of order that SA 1 is out of order as it goes beyond the scope of the underlying legislation.

The state of Missouri hereby proclaims that no employer who employs illegal aliens shall be eligible for any state-administered or subsidized tax credit, tax abatement, or loan from this state, **or a loan from any governing body in this state.** The director of each agency administering or subsidizing a tax credit, tax abatement or loan pursuant to chapter 32, 100, 135, 253, **349**, 447, or 620, RSMo, shall place in such agency's criteria for eligibility for such credit, abatement, exemption or loan a signed statement of affirmation by the applicant that such applicant employs no illegal aliens. Any individual, individual proprietorship, corporation, partnership, firm or association that is found by the director of the agency administering the program to have negligently employed an illegal alien in this state shall be ineligible for any state-administered or subsidized tax credit, tax abatement, or loan, **or a loan from any governing body in this state,** pursuant to chapter 32, 100, 135, 253, **349**, 447, or 620, RSMo, for five years following such determination; provided, however, that the director of the agency administering such credit, abatement, exemption or loan may, in the director's discretion, elect not to apply such administrative action for a first-time occurrence. Any person, corporation,

partnership or other legal entity that is found to be ineligible for a state-administered or subsidized tax credit, tax abatement, or **any** loan pursuant to this subsection may make an appeal with the administrative hearing commission pursuant to the provisions of chapter 621, RSMo. "Negligent", for the purposes of this subsection means that a person has failed to take the steps necessary to comply with the requirements of 8 U.S.C. 1324a with respect to the examination of an appropriate document or documents to verify whether the individual is an unauthorized alien.

2. Beginning August 28, 1999, any individual, individual proprietorship, corporation, partnership, firm or association that knowingly accepts any [state-administered or subsidized] tax credit, tax abatement or loan in violation of subsection 1 of this section shall upon conviction be guilty of a class A misdemeanor, and such action may be brought by the attorney general in Cole County circuit court."; and

When any person is charged with a felony and confined for any period of time in a county jail, municipal jail, or regional jail, a reasonable effort shall be made by the jailer to determine whether or not such person is a citizen of the United States. If the jailer reasonably believes that such person is not a citizen of the United States, he or she shall make

a reasonable effort to verify that such person has been lawfully admitted to the United States, and if lawfully admitted, that such lawful status has not expired. If verification of the person's lawful status cannot be made from documents in his or her possession, verification shall be made within forty-eight hours through a query to the United States Department of Homeland Security. If it is determined that the person being confined is not lawfully within the United States, the jailer or an employee of the jailer shall notify the United States Department of Homeland Security.

2. Nothing in this section shall be construed to deny a person bond or from being released from confinement when such person is otherwise eligible for release."; and

4. Any entity that is found to have knowingly or negligently employed an undocumented worker at any time during the period said entity was under contract on a project governed by a public works contract, in violation of this section, shall be ineligible to work on any project governed by a public works contract for three years following such determination. An entity may appeal such determination with the administrative hearing commission pursuant to the provisions of chapter 621, RSMo. For purposes of this section, the word "negligent" shall have the meaning set forth in section 285.025, RSMo.

5. Amend Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1270 and 1027, Page 1, In the Title, Lines 1-2, by striking the words “ethanol blend” and inserting in lieu thereof the following: “renewable”; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

“142.031. 1. As used in this section the following terms shall mean:

(1) “Biodiesel”, fuel as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel (B100) blend stock for distillate fuels;

(2) “**Missouri** qualified biodiesel producer”, a facility that produces biodiesel, is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79, and **is**:

(a) At least fifty-one percent is owned by agricultural producers **who are residents of this state and who are** actively engaged in agricultural production for commercial purposes; **or**

(b) **At least eighty percent of the feedstock used by the facility originates in the state of Missouri. For purposes of this section, the term “feedstock” shall mean a Missouri agriculture product as defined in section 348.400, RSMo.**

2. The “Missouri Qualified Biodiesel Producer

Incentive Fund” is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that [fifty-one percent of the feedstock originates in the state of Missouri and that] one hundred percent of the feedstock originates in the United States. **However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available.** A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from Missouri agricultural products, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from Missouri agricultural products in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from Missouri agricultural products in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty million gallons shall not be applied to the computation of a grant

pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified biodiesel producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;

(3) The number of bushel equivalents of Missouri agricultural commodities used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;

(4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;

(5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall

become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. The provisions of this section shall expire on December 31, 2009. However, Missouri qualified biodiesel producers receiving any grants awarded prior to the expiration date of this section shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In that case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.”; and

Further amend the title and enacting clause accordingly.

Senator Shields moved that the above amendment be adopted, which motion prevailed.

SENATE AMENDMENT NO. 3

Amend Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1270 and 1027, Page 1, Section A, Line 2, by inserting immediately after all of said line the following:

“142.028. 1. As used in this section, the following terms mean:

(1) “Fuel ethanol”, one hundred ninety-eight proof ethanol denatured in conformity with the United States Bureau of Alcohol, Tobacco and Firearms' regulations and fermented and distilled in a facility whose principal (over fifty percent) feed stock is cereal grain or cereal grain by-products;

(2) “Fuel ethanol blends”, a mixture of ninety percent gasoline and ten percent fuel ethanol in which the gasoline portion of the blend or the finished blend meets the American Society for Testing and Materials - specification number D-439;

(3) “Missouri qualified fuel ethanol producer”, any producer of fuel ethanol whose principal place of business and facility for the fermentation and distillation of fuel ethanol is located within the state of Missouri and is at least fifty-one percent owned by agricultural producers actively engaged in agricultural production for commercial purposes, **whose fuel ethanol is sold and consumed exclusively within the state**, and which has made formal application, posted a bond, and conformed to the requirements of this section.

2. The “Missouri Qualified Fuel Ethanol Producer Incentive Fund” is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified fuel ethanol producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified fuel ethanol producer shall be eligible for a monthly grant from the fund, except that a Missouri qualified fuel ethanol producer shall only be eligible for the grant for a total of sixty months unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which they were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original

sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified fuel ethanol production to be produced from Missouri agricultural products for the succeeding calendar month, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified fuel ethanol producer shall be eligible for a total grant in any fiscal year equal to twenty cents per gallon for the first twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the fiscal year plus five cents per gallon for the next twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the fiscal year. All such qualified fuel ethanol produced by a Missouri qualified fuel ethanol producer in excess of twenty-five million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section. If actual production of qualified fuel ethanol during a particular month either exceeds or is less than that estimated by a Missouri qualified fuel ethanol producer, the department of agriculture shall adjust the subsequent monthly grant by paying additional amount or subtracting the amount in deficiency by using the calculation described in this subsection.

4. In order for a Missouri qualified fuel ethanol producer to obtain a grant from the fund for a particular month, an application for such funds shall be received no later than fifteen days prior to the first day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified fuel ethanol producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified fuel ethanol producer in the preceding quarter, if

applicable;

(3) The number of bushels of Missouri agricultural commodities used by the Missouri qualified fuel ethanol producer in the production of fuel ethanol in the preceding quarter;

(4) The number of gallons of qualified fuel ethanol the producer expects to manufacture during the month for which the grant is applied;

(5) A copy of the qualified fuel ethanol producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified fuel ethanol producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section. The director shall also establish procedures for bonding Missouri qualified fuel ethanol producers. Each Missouri qualified fuel ethanol producer who attempts to obtain moneys pursuant to this section shall be bonded in an amount not to exceed the estimated maximum monthly grant to be issued to such Missouri qualified fuel ethanol producer.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after

August 28, 2002, shall be invalid and void.”; and

An Act to repeal sections 302.130, 302.171, and 302.178, RSMo, and to enact in lieu thereof four new sections relating to the licensure of certain motor vehicle drivers, with penalty provisions and an emergency clause for a certain section.

With House Amendments 1, 2 and 3.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 1001, 896 & 761, Page 12, Section 302.178, Line 101, by inserting after all of said line the following:

“302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. A commercial driver's instruction permit shall be valid for the vehicle being operated for a period of

not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test. The director shall delegate the power to conduct the examinations required under sections 302.700 to

302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR Part 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.

(3) Beginning August 28, 2006, the director shall only issue third-party tester certification to private companies who operate on the campus of a junior college or community college established under chapter 178, RSMo, or to private companies who own and maintain their own fleet and administer in-house testing to employees. Except as specified in this subsection, no third-party tester certification shall be issued to any private company predominately operated for commercial driver's license testing purposes and no third-party tester certification shall be renewed for such company. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536, RSMo. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

[(3)] (4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the secretary and if such person transports a hazardous material must also meet the requirements of the

U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the secretary[.]. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.

3. A commercial driver's license may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or canceled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.”; and

Further amend said title, enacting clause and intersectional references accordingly.

HCS for HB 1022—Appropriations.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 41**, entitled:

HOUSE CONCURRENT RESOLUTION NO. 41
Relating to the designation of Missouri walk and bicycle to school month and day.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

Whereas, the health and safety of our children is of highest concern to the citizens of Missouri; and

Whereas, promoting safe and healthful walking and bicycling to school is of importance to Missouri parents and teachers, and has been shown to improve student's health and academic performance; and

Whereas, a lack of physical activity plays a leading role in rising rates of obesity, diabetes, and other health problems among children. Being able to walk or bicycle to school offers an opportunity to build healthful physical activity into a child's daily routine; and

Whereas, an important role for parents and caregivers is to

teach children about pedestrian safety and become aware of the difficulties and dangers that children face on their trip to school each day and the health and environmental risks related to physical inactivity and air pollution; and

Whereas, the number of children walking and bicycling to school has decreased dramatically in recent years, with less than 10% walking or bicycling to school now compared with 50% just 30 years ago; and

Whereas, serious injury and death of hundreds of children nationwide could be saved each year if communities take steps to make bicycle and pedestrian safety a priority; and

Whereas, the Safe Routes to Schools program is recognized nationally and internationally as being effective in solving these problems and has been successfully piloted in several Missouri communities; and

Whereas, local Safe Routes to Schools efforts combining engineering, enforcement, encouragement, and education have been shown to improve school children's health, mobility, safety, and academic performance; and

Whereas, "International Walk to School Month" in October and "International Walk to School Day" the first Wednesday in October have proven to be helpful in creating and promoting local Safe Route to Schools programs across the United States and throughout the world:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby commend and encourages the Safe Routes to Schools program overseen at the state level by the Missouri Department of Transportation and on the local level by many individuals, agencies, and schools; and

Be it further resolved that the creation of and participation in the local Safe Routes to Schools programs in communities throughout Missouri be encouraged; and

Be it further resolved that the needed cooperation and partnership among students, parents, teachers, parent-teacher groups, community leaders, community groups, public works departments, law enforcement agencies, school districts, the Missouri Department of Transportation, and other departments and agencies of state and local government to create successful Safe Routes to Schools programs be commended and encouraged; and

Be it further resolved that October 2006 is hereby declared to be "Missouri Walk and Bicycle to School Week" and October 4, 2006, is hereby declared to be "Missouri Walk and Bicycle to School Day" in Missouri; and

Be it further resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

Such temporary allowance shall terminate at the end of the calendar month in which the earlier of the following events occurs: such member's death or the member's attainment of age sixty-five.

2. If each portion of a member's credited service is not covered by the same benefit program, then the member's total allowance for life shall be the total of the allowance for life determined under each applicable benefit program.

3. Each employer shall have the credited service of each of its members covered by benefit program L-1 provided for in this section unless such employer shall have elected another benefit program provided for in this section.

4. Except as otherwise provided in this subsection, each political subdivision, by majority vote of its governing body, may elect from time to time to cover its members, whose political subdivision employment is concurrently covered by federal Social Security, under one of the benefit programs provided for in this section. Each

political subdivision, by majority vote of its governing body, may elect from time to time to cover its members, whose political subdivision employment is not concurrently covered by federal Social Security, under one of the benefit programs provided for in this section. The clerk or secretary of the political subdivision shall certify the election of the benefit program to the board within ten days after such vote. The effective date of the political subdivision's benefit program is the first day of the calendar month specified by such governing body, or the first day of the calendar month next following receipt by the board of the certification of election of benefit program, or the effective date of the political subdivision becoming an employer, whichever is the latest. Such election of benefit program may be changed from time to time by such vote, but not more often than biennially. If such changed benefit program provides larger allowances than the benefit program previously in effect, then such larger benefit program [shall] **may, if the political subdivision elects as such at the time of its majority vote electing to cover its members under one of the benefit programs provided for in this section,** be applicable to the past and future employment with the employer by present and future employees, **but otherwise shall be applicable only to credited service for employment rendered on or after the effective date of such change.** If such changed benefit program provides smaller allowances than the benefit program previously in effect, then such changed benefit program shall be applicable only to credited service for employment rendered from and after the effective date of such change. After August 28, 1994, political subdivisions shall not elect coverage under benefit program LT-4, benefit program LT-5, or benefit program LT-8. After August 28, 2005, political subdivisions shall not elect coverage under benefit program L-9 or benefit program LT-10(65).

5. Should an employer change its election of benefit program as provided in this section, the employer contributions shall be correspondingly

changed effective the same date as the benefit program change.

6. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing a benefit program which provides larger allowances.

7. Subject to the provisions of subsections 9 and 10 of this section, for an allowance becoming effective on September 28, 1975, or later, and beginning with the October first which is at least twelve full months after the effective date of the allowance, the amount of the allowance shall be redetermined effective each October first and such redetermined amount shall be payable for the ensuing year. Subject to the limitations stated in the next sentence, such redetermined amount shall be the amount of the allowance otherwise payable multiplied by the following percent: one hundred percent, plus two percent for each full year (excluding any fraction of a year) in the period from the effective date of the allowance to the current October first. In no event shall such redetermined amount (1) be less than the amount of the allowance otherwise payable nor (2) be more than the amount of the allowance otherwise payable multiplied by the following fraction: the numerator shall be the Consumer Price Index for the month of June immediately preceding such October first (but in no event an amount less than the denominator below) and the denominator shall be the Consumer Price Index for the month of June immediately preceding the effective date of the allowance. As used herein, "Consumer Price Index" means the Consumer Price Index for Urban Wage Earners and Clerical Workers, as determined by the United States Department of Labor and in effect January 1, 1975; provided, should such Consumer Price Index be restructured subsequent to 1974 in a manner materially changing its character, the board shall change the application of the Consumer Price Index so that as far as is practicable the 1975 intent of the use of the Consumer Price Index shall be continued. As used

herein "the amount of the allowance otherwise payable" means the amount of the allowance which would be payable without regard to these provisions redetermining allowance amounts after retirement.

8. Subject to the provisions of subsections 9 and 10 of this section, for an allowance becoming effective on September 28, 1975, or later, the maximum allowance payable under the provisions of section 70.685 shall be redetermined each October first in the same manner as an allowance is redetermined under the provisions of subsection 7 of this section.

9. (1) The system establishes reserves for the payment of future allowances to retirants and beneficiaries. Should the board determine, after consulting with the actuary, that the established reserves are more than sufficient to provide such allowances, the board may increase the annual increase rate provided for in subsections 7 and 8 of this section, as it applies to any allowance payable, but in no event shall the total of all redetermined amounts as of October first of any year be greater than one hundred four percent of the allowances which would have been payable that October first without such redeterminations; provided, as of any redetermination date the same annual increase rate shall be applied to all allowances with effective dates in the range of November first to October first of the following year. The board may extend the provisions of subsections 7 and 8 of this section to allowances which became effective before September 28, 1975; provided such an action by the board shall not increase an employer contribution rate then in effect;

(2) After August 28, 1993, the annual increase rate established by this subsection shall be a compound rate, compounded annually, and the four percent annual maximum rate shall also be a compound rate, compounded annually; provided, the use of such compounding shall not begin until October 1, 1993, and shall not affect redeterminations made prior to that date.

10. Should the board determine that the provisions of subsections 7, 8 and 9 of this section are jeopardizing the financial solvency of the system, the board shall suspend these provisions redetermining allowance amounts after retirement for such periods of time as the board deems appropriate.”; and

Further amend the title and enacting clause accordingly.

Senator Purgason moved that the above amendment be adopted, which motion prevailed.

Senator Shields announced that photographers from KRCG-TV had been given permission to take pictures in the Senate Chamber today.

Senator Griesheimer offered **SA 3**:

“169.560. **1.** Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a district included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employing district's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employing school district does not utilize a salary schedule, or if the position in question is not subject to the employing district's salary schedule, a retiree employed in accordance with the provisions of this [section] **subsection** may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position in the employing school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If

2. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed seventy-five percent of the annual compensation payable for the position in the employing school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the seventy-five-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system because of earnings during such period of employment, and the district shall contribute to the retirement system on the basis of such earnings at the percentage rate established

pursuant to this chapter for full-time employees of the retirement system. Such a person shall not accrue service credit upon the basis of employment authorized pursuant to this subsection. If such a person is employed in any capacity by such a district on a regular, full-time basis, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed and shall contribute to the retirement system.”; and

“104.800. 1. [Except as otherwise provided by law] **Notwithstanding any other provision of law to the contrary, on or after August 28, 2006**, any person having earned creditable **or credited** service pursuant to the provisions of **section 104.010 or section 104.1003** of the state employees' retirement system or pursuant to the provisions of the state transportation department employees' and highway patrol retirement system or having service as a statewide state elective officer or having service as a member of the general assembly or having service pursuant to the provisions of sections 287.812 to 287.855, RSMo, or having service as a judge, as defined in section 476.515, RSMo, may elect prior to retirement and not after retirement, to make a one-time transfer of credit for such service or such creditable service to or from any other retirement system or type of service specified in this section or sections 56.800 to 56.840, RSMo, for which the person has

accumulated service or creditable service. The amount of transferred credit shall be accumulated with the amount of such creditable service or such service earned by the person in the retirement system or type of service to which the service is transferred for purposes of determining the benefits to which the person is entitled under the retirement system or type of service to which the service is transferred. The transfer of such creditable service or service shall become effective on the first day of the second month following the month in which the person files written notification of the person's election with the retirement boards affected by such service transfer. When the election to transfer creditable service or service becomes effective, the person shall thereby forfeit any claim to any benefit under the provisions of the retirement system or type of service, as the case may be, from which the service or creditable service was transferred regardless of the amount of service or creditable service previously earned in such retirement system or type of service. Any person who has transferred service pursuant to this subsection prior to August 28, 2002, and who is an employee covered by a retirement plan described in this subsection after that date, may elect to make an additional transfer of service prior to retirement if additional service would otherwise be available to be transferred except for the forfeiture of that service after the previous transfer. In no event shall the amount of service that a person shall be entitled to transfer pursuant to the provisions of this section exceed eight years.

2. In the event of the death of a member before retirement and prior to exercising transfer rights pursuant to the provisions of this section, survivorship benefits shall be computed as if such person had in fact exercised or not exercised the person's transfer rights to produce the most advantageous benefit possible.

3. Any person that has earned creditable service pursuant to the provisions governing the Missouri state employees' retirement system or pursuant to the provisions of chapter 287, RSMo,

or chapter 476, RSMo, who terminated employment prior to August 13, 1986, shall, upon application to the board of trustees of the Missouri state employees' retirement system, be made, constituted and appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters for the remainder of the person's life. Upon request of the board or the court from which the person retired, the consultant shall give opinions or be available to give opinions in writing or orally in response to such request. As compensation for such services, the consultant shall be eligible, prior to retirement, to make a one-time transfer of creditable service as provided in this section.”; and

“288.042. 1. For purposes of this chapter, a “war on terror veteran” is a person who serves or has served in the military and to whom the following criteria apply:

(1) The person is or was a member of the national guard or a member of a United States armed forces reserves unit;

(2) The person was deployed as part of his or her military unit at any time after September 11, 2001, and such deployment caused the person to be unable to continue working for his or her employer;

(3) The person was employed either part time or full time before deployment; and

(4) The person was unemployed in his or her non-military employment either during or within thirty days after the completion of his or her deployment.

2. Notwithstanding any provisions of sections 288.010 to 288.500, any war on terror veteran shall be entitled to receive unemployment compensation benefits under this chapter. A war on terror veteran shall be entitled to a maximum weekly benefit of eight percent of the wages paid to the war on terror veteran during that quarter during which the war on terror veteran earned the highest amount within the five quarters during which the war on terror veteran received wages before deployment. The maximum amount of a maximum weekly benefit shall be one thousand one hundred fifty-three dollars and sixty-four cents, annually adjusted by the consumer price index.

3. A war on terror veteran shall be entitled to a maximum weekly benefit for twenty-six

weeks.

4. Any employer who is found in any Missouri court or United States district court located in Missouri to have terminated, demoted, or taken an adverse employment action against a war on terror veteran due to his or her absence while deployed shall be subject to an administrative penalty as determined by the director of the Missouri division of employment security in such amount as to provide funding for this section, but in no event shall the administrative penalty exceed one hundred thousand dollars. The director shall take judicial notice of judgments in suits brought under the Uniformed Service Employment and Reemployment Rights Act (38 U.S.C. 4301). Such judgments may be considered to have a res judicata effect on the director's determination.

5. A war on terror veteran shall not be considered to have voluntarily quit his or her employment if he or she is not offered the same wages, benefits, and similar work schedule upon his or her return after deployment.

6. There is hereby created in the state treasury the “War on Terror Unemployment Compensation Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with section 30.170 and 30.180, RSMo. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and money earned on such investments shall be credited to the fund.

7. The division of employment security may

promulgate rules to enforce this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.”; and

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-SECOND DAY—THURSDAY, APRIL 27, 2006

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"...I want you to be wise in what is good and guileless in what is evil." (Romans 16:9b)

Merciful God, You have created us a little lower than the angels and taught us of how important it is for us to know what is good and seek to understand that better. We know the evil that exists and temptations that would lure us away from Your pathways. So help us to be wise in the ways that are good and practice them daily and help us to know little of that which is evil except to avoid it. And be with us as we return to loved ones who surely miss us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

An Act to amend chapter 135, RSMo, by adding thereto one new section relating to residential treatment agency tax credits.

With House Amendment 1.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 614, Section 135.1142, Page 1, Line 1 by inserting before said line the following:

“135.550. 1. As used in this section, the following terms shall mean:

(1) “Contribution”, a donation of cash, stock, bonds or other marketable securities, or real

property;

(2) "Shelter for victims of domestic violence", a facility located in this state which meets the definition of a shelter for victims of domestic violence pursuant to section 455.200, RSMo, and which meets the requirements of section 455.220, RSMo;

(3) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo, chapter 147, RSMo, chapter 148, RSMo, and chapter 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo;

(4) "Taxpayer", a person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, RSMo, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, RSMo, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, RSMo, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, RSMo, or an individual subject to the state income tax imposed by the provisions of chapter 143, RSMo.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a shelter for victims of domestic violence.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax

liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a shelter or shelters for victims of domestic violence in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director of [public safety] **the department of social services** shall determine, at least annually, which facilities in this state may be classified as shelters for victims of domestic violence. The director of [public safety] **the department of social services** may require of a facility seeking to be classified as a shelter for victims of domestic violence whatever information is reasonably necessary to make such a determination. 6. The director of [public safety] **the department of social services** shall establish a procedure by which a taxpayer can determine if a facility has been classified as a shelter for victims of domestic violence, and by which such taxpayer can then contribute to such shelter for victims of domestic violence and claim a tax credit. Shelters for victims of domestic violence shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to shelters for victims of domestic violence in any one fiscal year shall not exceed two million

dollars.

7. The director of [public safety] **the department of social services** shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director of [public safety] **the department of social services**, the cumulative amount of tax credits are equally apportioned among all facilities classified as shelters for victims of domestic violence. If a shelter for victims of domestic violence fails to use all, or some percentage to be determined by the director of [public safety] **the department of social services**, of its apportioned tax credits during this predetermined period of time, the director of [public safety] **the department of social services** may reapportion these unused tax credits to those shelters for victims of domestic violence that have used all, or some percentage to be determined by the director of [public safety] **the department of social services**, of their apportioned tax credits during this predetermined period of time. The director of [public safety] **the department of social services** may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of [public safety] **the department of social services** shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. This section shall become effective January 1, 2000, and shall apply to all tax years after December 31, 1999.”; and

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-THIRD DAY—MONDAY, MAY 1, 2006

The Senate met pursuant to adjournment.

Senator Mayer in the Chair.

Reverend Carl Gauck offered the following prayer:

"Know that the Lord does wonders for the faithful, when I call upon the Lord, he hears me." (Psalm 4:3)

Gracious Lord, as we call upon You this day we do so knowing that we have just two weeks before this session ends and much to do. So we pray for Your guidance and help to sustain us when we grow weary, to lift us up when we are dragging from working too many hours, and we desire You to point us in the direction we need to follow to complete what You would have us do. And we would ask that You put gladness in our hearts and lightness in our steps as we work our way through this day. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

HOUSE CONCURRENT RESOLUTION NO. 27

Relating to the Susan G. Komen Breast Cancer 3-Day Walk.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

Whereas, the Susan G. Komen Breast Cancer 3-Day Walk in Kansas City is part of a nationwide series of sixty-mile walks that raise millions of dollars for the Susan G. Komen Breast Cancer Foundation and National Philanthropic Trust Breast Cancer Fund; and

Whereas, these foundations support cutting edge breast cancer research, prevention, and treatment programs; and

Whereas, one of the keys to the success of the 3-Day Walk is the 100 person all volunteer medical team to provide medical services for the participants; and

Whereas, the volunteer medical team includes physicians, nurses, physical therapists, chiropractors, and certified athletic trainers who treat a variety of medical conditions, such as blisters, musculoskeletal injuries, environmental stress, and medical illness throughout the event; and

Whereas, part of the challenge each year is recruiting medical volunteers for the event. Currently, medical volunteers must be licensed in the State of Missouri to participate; and

Whereas, other states have enacted legislation allowing medical professionals licensed and in good standing in other states to participate in the 3-Day Walk event; and

Whereas, granting a temporary waiver of the Missouri licensure requirements for an event such as the 3-Day Walk in Kansas City will allow event organizers to utilize medical professionals from both Missouri and Kansas to staff their 100 person volunteer medical team:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby permit any person appointed by the Susan G. Komen Breast Cancer 3-Day Walk in Kansas City to provide professional medical services to provide such services during the period of September 14, 2006, to September 17, 2006, if such person is licensed to practice and is in good standing in another state or territory; and

Be it further resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

Read 1st time.

President Pro Tem Gibbons assumed the Chair.

Incentive Fund” is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that [fifty-one percent of the feedstock originates in the state of Missouri and that] one hundred percent of the feedstock originates in the United States. **However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available.** A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from Missouri agricultural products, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from Missouri agricultural products in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from Missouri agricultural products in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty million gallons shall not be applied to the computation of a grant

pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified biodiesel producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;

(3) The number of bushel equivalents of Missouri agricultural commodities used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;

(4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;

(5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall

become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. The provisions of this section shall expire on December 31, 2009. However, Missouri qualified biodiesel producers receiving any grants awarded prior to the expiration date of this section shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In that case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.”; and

SENATE AMENDMENT NO. 9

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1022, Page 8, Section 22.210, Line 4, by inserting immediately after all of said line the following:

“313.805. The commission shall have full jurisdiction over and shall supervise all gambling operations governed by sections 313.800 to 313.850. The commission shall have the following powers and shall promulgate rules and regulations to implement sections 313.800 to 313.850:

(1) To investigate applicants and determine the priority and eligibility of applicants for a license and to select among competing applicants for a license the applicant which best serves the interests of the citizens of Missouri;

(2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311, RSMo, to the contrary, the commission may

authorize the operation of gambling games on an excursion gambling boat which is also licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions including providing a maximum loss of five hundred dollars per individual player per gambling excursion] **and require that moneys resulting from losses in excess of five hundred dollars per individual player per gambling excursion shall be deposited in the tuition reduction fund, established by section 1 of this act;**

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a licensee within this state to determine compliance with sections 313.800 to 313.850;

(5) To investigate alleged violations of sections 313.800 to 313.850 or the commission rules, orders, or final decisions;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. Forfeitures pursuant to this section shall be enforced as provided in sections 513.600 to 513.645, RSMo;

(7) To require a licensee, an employee of a licensee or holder of an occupational license to remove a person violating a provision of sections 313.800 to 313.850 or the commission rules, orders, or final orders, or other person deemed to be undesirable from the excursion gambling boat or adjacent facilities;

(8) To require the removal from the premises of a licensee, an employee of a licensee, or a holder of an occupational license for a violation of

sections 313.800 to 313.850 or a commission rule or engaging in a fraudulent practice;

(9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses, when, in the judgment of the commission, it is necessary to enforce sections 313.800 to 313.850 or the commission rules;

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used for wagering on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying

information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed excursion gambling boat;

(16) Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812. The commission shall base its decision to allow continuously docked excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. In addition, the commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for continuous-docking excursion gambling that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning the possibility of continuous docking, as described in subdivision (15) of this section, within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with

all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules.

Section 1. 1. There is hereby created in the state treasury the "Tuition Reduction Fund", which shall consist of moneys appropriated by the general assembly. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The "Tuition Reduction Fund" shall be utilized to offset reductions in tuition or fees, or to compensate higher education institutions for not elevating tuition or fee rates. Each year, representatives from the various higher education institutions in this state shall present all relevant financial information to the appropriations committees of the senate and the house, delineating the amount of lost revenue that resulted in the reduction of tuition or fees or the amount of revenue that the institution would have gained with a proposed increase in tuition or fees. The general assembly shall make appropriations from this fund as it deems

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-FIFTH DAY—WEDNESDAY, MAY 3, 2006

The Senate met pursuant to adjournment.

Senator Koster in the Chair.

Reverend Carl Gauck offered the following prayer:

Almighty God, we walk down the halls and see all the men and women who have gone before us and are mindful of their contributions both great and small. With term limits we know our time here passes quickly and so we have little time to accomplish all You would have us do. So as we meet today help us to be mindful that we are but the current managers of these seats of power and to make good use of the power we do have and use it wisely and effectively for the people we serve. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-SIXTH DAY—THURSDAY, MAY 4, 2006

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Nevertheless, amid the greatest difficulties of my Administration, when I could not see any other resort, I would place my whole reliance on God, knowing that all would go well, and that He would decide for the right.” (Abraham Lincoln, October 24, 1863)

Gracious God, we gather in prayer with many in our nation this day remembering Your admonishment to bring all things to You in prayer. And so today, as we again deal with the various difficulties that face us, help us to rely on You, knowing that You will decide what is right for us and guide and direct our hearts and minds in all we do and say. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-SEVENTH DAY—FRIDAY, MAY 5, 2006

The Senate met pursuant to adjournment.

Senator Koster in the Chair.

Reverend Carl Gauck offered the following prayer:

C.I. Sholfield wrote: "I like to be able to think of people who deeply interest me in their homes. Downtown we are all alike, but at home we are just ourselves...At home we are at ease: we throw off care: we are understood, and loved and welcome."

Loving Father, we desire to wrap up the work of this long week knowing there is much yet to be accomplished but we want to go home and be at ease with those we love and share some time just being ourselves as we are truly known there and loved for who we truly are. Help us be mindful of how our absence is experienced by those left behind and help us make an extra effort to be truly with them and listen to them. And may we be found in Your house Holy Father hearing Your Word and abiding in Your presence. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

“144.062. 1. With respect to exempt sales at retail of tangible personal property and materials for the purpose of constructing, repairing or remodeling facilities for: (1) a county, other political subdivision or instrumentality thereof exempt from taxation under subdivision (10) of section 39 of article III of the Constitution of Missouri; or (2) an organization sales to which are exempt from taxation under the provisions of subdivision (19) of subsection 2 of section 144.030; or (3) any institution of higher education supported by public funds or any private not-for-profit institution of higher education, exempt from taxation under subdivision (20) of subsection 2 of section 144.030; or (4) any private not-for-profit elementary or secondary school exempt from taxation under subdivision (22) of subsection 2 of section 144.030; **or (5) after June 30, 2007: (a) the department of transportation; or (b) the state highways and transportation commission**, hereinafter collectively referred to as exempt entities, such exemptions shall be allowed for such purchases if the purchases are related to the entities' exempt functions and activities. In addition, the sales shall not be rendered nonexempt nor shall any material supplier or contractor be obligated to pay, collect or remit sales tax with respect to such purchases made by or on behalf of an exempt entity due to such purchases being billed to or paid for by a contractor or the exempt entity contracting with any entity to render any services in relation to such purchases, including but not limited to selection of materials, ordering, pickup, delivery, approval on delivery, taking of delivery, transportation, storage, assumption of risk of loss to materials or providing warranties on materials as specified by contract, use of materials or other purchases for construction of the building or other facility, providing labor, management services, administrative services, design or technical services or advice to the exempt entity,

whether or not the contractor or other entity exercises dominion or control in any other manner over the materials in conjunction with services or labor provided to the exempt entity.

2. When any exempt entity contracts for the purpose of constructing, repairing or remodeling facilities, and purchases of tangible personal property and materials to be incorporated into or consumed in the construction of the project are to be made on a tax-exempt basis, such entity shall furnish to the contractor an exemption certificate authorizing such purchases for the construction, repair or remodeling project. The form and content of such project exemption certificate shall be approved by the director of revenue. The project exemption certificate shall include but not be limited to:

(1) The exempt entity's name, address, Missouri tax identification number and signature of authorized representative;

(2) The project location, description, and unique identification number;

(3) The date the contract is entered into, which is the earliest date materials may be purchased for the project on a tax-exempt basis;

(4) The estimated project completion date; and

(5) The certificate expiration date.

Such certificate is renewable for a given project at the option of the exempt entity, only for the purpose of revising the certificate expiration date as necessary to complete the project.

3. The contractor shall furnish the certificate prescribed in subsection 2 of this section to all subcontractors, and any contractor purchasing materials shall present such certificate to all material suppliers as authorization to purchase, on behalf of the exempt entity, all tangible personal property and materials to be incorporated into or consumed in the construction of that project and no other on a tax-exempt basis. Such suppliers shall execute to the purchasing contractor invoices

bearing the name of the exempt entity and the project identification number. Nothing in this section shall be deemed to exempt the purchase of any construction machinery, equipment or tools used in constructing, repairing or remodeling facilities for the exempt entity. All invoices for all personal property and materials purchased under a project exemption certificate shall be retained by the purchasing contractor for a period of five years and shall be subject to audit by the director of revenue.

4. Any excess resalable tangible personal property or materials which were purchased for the project by a contractor under a project exemption certificate but which were not incorporated into or consumed in the construction of the project shall either be returned to the supplier for credit or the appropriate sales or use tax on such excess property or materials shall be reported on a return and paid by such contractor not later than the due date of the contractor's Missouri sales or use tax return following the month in which it was determined that the materials were not to be used in the project.

5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible personal property and materials incorporated into or consumed in the construction of the project, due to the failure of the exempt entity to revise the certificate expiration date as necessary to complete any work required by the contract. If it is determined that tax is owed on such property and materials due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity shall be liable for the tax owed.

6. If an entity issues exemption certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of its project and such entity is found not to have had the authority granted by this section to issue such exemption certificates, then such entity shall be liable for the tax owed on such personal property and materials. In addition, if an

entity which does have the authority granted by this section to issue exemption certificates issues such certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of a project, or part of a project, which is found not to be related to such entity's exempt functions and activities, then such entity shall be liable for the tax owed on such personal property and materials.

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

SENATE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 41

Relating to the designation of Missouri walk and bicycle to school month and day.

WHEREAS, the health and safety of our children is of highest concern to the citizens of Missouri; and

WHEREAS, promoting safe and healthful walking and bicycling to school is of importance to Missouri parents and teachers, and has been shown to improve student's health and academic performance; and

WHEREAS, a lack of physical activity plays a leading role in rising rates of obesity, diabetes, and other health problems among children. Being able to walk or bicycle to school offers an opportunity to build healthful physical activity into a child's daily routine; and

WHEREAS, an important role for parents and caregivers is to teach children about pedestrian safety and become aware of the difficulties and dangers that children face on their trip to school each day and the health and environmental risks related to physical inactivity and air pollution; and

WHEREAS, the number of children walking and bicycling to school has decreased dramatically in recent years, with less than 10% walking or bicycling to school now compared with 50% just 30 years ago; and

WHEREAS, serious injury and death of hundreds of children nationwide could be saved each year if communities take steps to make bicycle and pedestrian safety a priority; and

WHEREAS, the Safe Routes to Schools program is recognized nationally and internationally as being effective in solving these problems and has been successfully piloted in several Missouri communities; and

WHEREAS, local Safe Routes to Schools efforts combining engineering, enforcement, encouragement, and education have been shown to improve school children's health, mobility, safety, and academic performance; and

WHEREAS, "International Walk to School Month" in October and "International Walk to School Day" the first Wednesday in October have proven to be helpful in creating and promoting local Safe Route to Schools programs across the United States and throughout the world:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby commends and encourages the Safe Routes to Schools program overseen at the state level by the Missouri Department of Transportation and on the local level by many individuals, agencies, and schools; and

BE IT FURTHER RESOLVED that the creation of and participation in the local Safe Routes to Schools programs in communities throughout Missouri be encouraged; and

BE IT FURTHER RESOLVED that the needed cooperation and partnership among students, parents, teachers, parent-teacher groups, community leaders, community groups, public works departments, law enforcement agencies, school districts, the Missouri Department of Transportation, and other departments and agencies of state and local government to create successful Safe Routes to Schools programs be commended and encouraged; and

BE IT FURTHER RESOLVED that October 2006 is hereby declared to be "Missouri Walk and Bicycle to School Month" and October 4, 2006, is hereby declared to be "Missouri Walk and Bicycle to School Day" in Missouri; and

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-EIGHTH DAY—MONDAY, MAY 8, 2006

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"But I believe that the desire to please You in fact pleases You. And I hope that I have that desire in all that I am doing. I hope that I will never do anything apart from that desire." (Thomas Merton, Trappist Monk)

Almighty God, as we face this final week with much to do and many decisions to make on bills we are not that familiar with, may we do so attempting to please You. May we have the faith to have confidence that we can please You by our desire to be diligent and effective in all we do this week and that You will direct our steps and reward those who seek You. In Your Holy Name we pray. Amen.

“67.1848. All public water supply districts, sewer districts, and municipalities, including villages, shall have the right to lay, install, construct, repair, and maintain sewer and water lines in public highways, roads, streets, and alleys, subject to the reasonable rules and regulations of governmental bodies having jurisdiction of such public places. Due regard shall be taken for the rights of the public in its use of thoroughfares and equal rights of other utilities thereto.

227.240. 1. The location and removal of all telephone, cable television, and electric light and power transmission lines, poles, wires, and conduits and all pipelines and tramways, erected or constructed, or hereafter to be erected or constructed by any corporation, **municipality, public water supply district, sewer district**, association or persons, within the right-of-way of any state highway, insofar as the public travel and traffic is concerned, and insofar as the same may interfere with the construction or maintenance of any such highway, shall be under the control and supervision of the state highways and transportation commission.

2. A cable television corporation or company shall be permitted to place its lines within the right-of-way of any state highway, consistent with the rules and regulations of the state highways and transportation commission. The state highways and transportation commission shall establish a system for receiving and resolving complaints with respect to cable television lines placed in, or removed from, the right-of-way of a state highway.

3. The commission or some officer selected by the commission shall serve a written notice upon the **entity**, person or corporation owning or maintaining any such lines, poles, wires, conduits, pipelines, or tramways, which notice shall contain a plan or chart indicating the places on the right-of-way at which such lines, poles, wires, conduits, pipelines or tramways may be maintained. The notice shall also state the time when the work of hard surfacing said roads is proposed to commence, and shall further state that a hearing shall be had upon the proposed plan of location and matters incidental thereto, giving the place and date of such hearing. Immediately after such hearing the said owner shall be given a notice of the findings and orders of the commission and shall be given a reasonable time thereafter to comply therewith; provided, however, that the effect of any change ordered by the commission shall not be to remove all or any part of such lines, poles, wires, conduits, pipelines or tramways from

the right-of-way of the highway. The removal of the same shall be made at the cost and expense of the owners thereof unless otherwise provided by said commission, and in the event of the failure of such owners to remove the same at the time so determined they may be removed by the state highways and transportation commission, or under its direction, and the cost thereof collected from such owners, and such owners shall not be liable in any way to any person for the placing and maintaining of such lines, poles, wires, conduits, pipelines and tramways at the places prescribed by the commission.

4. The commission is authorized in the name of the state of Missouri to institute and maintain, through the attorney general, such suits and actions as may be necessary to enforce the provisions of this section. SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute No. 2 for House Committee Substitute for House Bill No. 1149, Page 4, Section 8.420, Line 25, by inserting after all of said line the following:

“250.140. 1. Sewerage services, water services, or water and sewerage services combined shall be deemed to be furnished to both the occupant and owner of the premises receiving such service and, except as otherwise provided in subsection 2 of this section, the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247, RSMo, rendering such services shall have power to sue the occupant or owner, or both, of such real estate in a civil action to recover any sums due for such services less any deposit that is held by the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247, RSMo, for such services, plus a reasonable attorney's fee to be fixed by the court.

2. When the occupant is delinquent in payment for thirty days, the city, town, village, sewer district, or water supply district shall make a good faith effort to notify the owner of the premises receiving such service of the delinquency and the amount thereof. Notwithstanding any other provision of this section to the contrary, when an occupant is delinquent more than ninety days, the owner shall not be liable for sums due for more than ninety days of service; provided, however, that in any city not within a county and any home rule city with more than four hundred thousand inhabitants and located in more than one county[, until January 1, 2007,] when an occupant is delinquent more than one hundred twenty days the owner shall not be liable for sums due for more than one hundred twenty days of service[, and after January 1, 2007,] when an occupant is delinquent more than ninety days the owner shall not be liable for sums due for more than ninety days. Any notice of termination of service shall be sent to both the

occupant and owner of the premises receiving such service.

3. The provisions of this section shall apply only to residences that have their own private water and sewer lines. In instances where several residences share a common water or sewer line, the owner of the real property upon which the residences sit shall be liable for water and sewer expenses.

4. Notwithstanding any other provision of law to the contrary, any water provider who terminates service due to delinquency of payment by a consumer shall not be liable for any civil or criminal damages.

5. The provisions of this section shall not apply to unapplied-for utility services. As used in this subsection, “unapplied-for utility services” means services requiring application by the property owner and acceptance of such application by the utility prior to the establishment of an account. The property owner is billed directly for the services provided, and as a result, any delinquent payment of a bill becomes the responsibility of the property owner rather than the occupant.”; and

(1) The person is or was a member of the national guard or a member of a United States armed forces reserves unit;

(2) The person was deployed as part of his or her military unit at any time after September 11, 2001, and such deployment caused the person to be unable to continue working for his or her employer;

(3) The person was employed either part time or full time before deployment; and

(4) The person was unemployed in his or her non-military employment either during or within thirty days after the completion of his or her deployment.

2. Notwithstanding any provisions of sections 288.010 to 288.500, any war on terror veteran shall be entitled to receive unemployment compensation benefits under this chapter. A war on terror veteran shall be entitled to a maximum weekly benefit of eight percent of the wages paid to the war on terror veteran during that quarter during which the war on terror veteran earned the highest amount within the five quarters during which the war on terror veteran received wages before deployment. The maximum amount of a maximum weekly benefit shall be one thousand one hundred fifty-three dollars and sixty-four cents, annually adjusted by the consumer price index.

3. A war on terror veteran shall be entitled to a maximum weekly benefit for twenty-six weeks.

4. Any employer who is found in any Missouri court or United States district court located in Missouri to have terminated, demoted, or taken an adverse employment action against a war on terror veteran due to his or her absence while deployed shall be subject to an administrative penalty as determined by the director of the Missouri division of employment security in such amount as to

provide funding for this section, but in no event shall the administrative penalty exceed one hundred thousand dollars. The director shall take judicial notice of judgments in suits brought under the Uniformed Service Employment and Reemployment Rights Act (38 U.S.C. 4301). Such judgments may be considered to have a res judicata effect on the director's determination.

5. A war on terror veteran shall not be considered to have voluntarily quit his or her employment if he or she is not offered the same wages, benefits, and similar work schedule upon his or her return after deployment.

6. There is hereby created in the state treasury the “War on Terror Unemployment Compensation Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with section 30.170 and 30.180, RSMo. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and money earned on such investments shall be credited to the fund.

7. The division of employment security may promulgate rules to enforce this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter

536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.”; and

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 892, Section 408.555, Page 12, Line 1, by inserting immediately preceding all of said Line the following:

“404.051. 1. The custodian shall collect, hold, maintain, manage, invest and reinvest the custodial property. The custodian may accept a transfer of additional property for the same minor into the custodianship and may consolidate into a single custodianship custodial property received for the same minor from multiple transfers or transferors.

2. The custodian may deliver, pay over to the minor for expenditure by the minor, or expend for the minor's benefit, so much of the custodial property as the custodian determines advisable for the use and benefit of the minor, without court order and without regard to the duty or ability of the custodian in the custodian's individual capacity or of any other person to support the minor, or any other income or property of the minor.

3. Upon the petition of a parent, guardian or conservator of a minor, an adult member of the minor's family, any person interested in the welfare of the minor, or of the minor if the minor has attained the age of fourteen years, the court may order the custodian to expend or to pay over to the minor or the minor's parent, guardian or conservator so much of the custodial property as the court determines advisable for the use and benefit of the minor.

4. Any delivery, payment or expenditure pursuant to subsections 2 and 3 of this section is in addition to, not in substitution for, and does not

affect, the obligation of any person to support the minor.

5. (1) To the extent that the custodial property has not been expended, the custodian shall deliver the custodial property in an appropriate manner, free of the custodianship, as follows:

(a) To the minor on attaining the age of twenty-one years, or on attaining the age of eighteen years for custodial property created by a transfer of property from a person other than a donor and the minor requests the property; or

(b) On the minor's death, to the minor's estate.

(2) If the custodian does not deliver the custodial property to the minor or the minor's estate as prescribed in subdivision (1) of this subsection, the minor or the minor's personal representative may petition the court to declare the custodianship terminated and to order delivery of the custodial property to the minor or to the minor's estate free of the custodianship.

(3) To the extent the custodial property is real property, a conveyance and delivery of the real property by the minor after attaining the age at which the minor is entitled to the property free of the custodianship, or by the minor's heirs, or by the minor's personal representative, shall terminate the custodian's powers, duties and rights with respect to the real property.

(4) If the minor is an incapacitated person at the time the minor would otherwise be entitled to receive the custodial property free of the custodianship, the custodian shall deliver the custodial property to the incapacitated person's conservator. If the incapacitated person has no conservator, the custodian may transfer the custodial property to any adult person or financial institution, including the custodian, as personal custodian for the incapacitated person under any law providing for custodianship of property for incapacitated adult persons.

6. The custodian is under a duty to act in the interest of the minor and to avoid conflicts of

interest that impair the custodian's ability to so act. In dealing with the custodial property, the custodian shall observe the degree of care that would be observed by a prudent person dealing with the property and conducting the affairs of another, except that all investments made on or after August 28, 1998, shall be in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo. The custodian is not limited by any other statute restricting investments or expenditures by fiduciaries. If the custodian has special skills or is named custodian on the basis of representations of special skills or expertise, the custodian is under a duty to use those skills. The custodian, in the custodian's discretion and without liability to the minor or the minor's estate, may retain any custodial property received under sections 404.005 to 404.094, and may hold money or securities in the financial institution or brokerage company to which the property was delivered by the transferor.

7. The custodian may invest in and pay premiums out of custodial property for life or endowment insurance policies on the life of the minor or the life of another person in whom the minor has an insurable interest, provided the insurance proceeds will be distributed on the death of the insured life to the minor, the minor's estate or the custodian in the custodian's representative capacity.

8. Subject to the degree of care prescribed in subsection 6 of this section, the custodian, acting in the capacity of custodian for the benefit of the minor, has all rights, power and authority over the custodial property that unmarried, nonincapacitated adult owners have over their own property, except the power to make a gift of the minor's property unless the gift to be made is approved by a court.

9. The custodian at all times shall keep custodial property separate and distinct from all other property in a manner to identify it clearly as custodial property of the minor. Custodial property

consisting of an undivided interest in property is sufficiently separate and distinct if the custodian's interest in the property is held as a tenant in common with the other owners of the property and the minor's proportional interest in the property is fixed. Custodial property is sufficiently so identified if it is held in the name of the custodian in the manner prescribed in section 404.707.

10. The custodian may establish checking, savings or other similar accounts with financial institutions and brokers whereby both the custodian and the minor may withdraw money from the account or draw checks against the account. Money withdrawn from an account or checks written against an account by the minor shall be treated as a delivery of custodial property from the custodian to the minor.

11. Subject to the degree of care prescribed in subsection 6 of this section, the custodian, acting in the capacity of custodian and for the benefit of the minor, may borrow money, lend money, acquire by lease the use of property for the minor, lease custodial property and enter into contracts under which the performance required by such agreements may extend beyond the date the custodianship terminates. The custodian shall hold property that is borrowed or leased for the minor as custodial property in the name of the custodian in the manner prescribed in section 404.047.

12. The custodian shall keep records of all transactions with respect to the custodial property, including information necessary for preparation of the minor's tax returns, and make them available for inspection at reasonable intervals by a parent, the minor if the minor has attained the age of fourteen years, an adult member of the minor's family if the minor has no living parent, and a legal representative of the minor.

13. The minor's custodian may comply with an agreement with a transferor of property to the minor, including an agreement respecting investment objectives, expenses, compensation, resignation and naming of successor custodians, to

the extent that such agreement does not conflict with the custodian's obligations to the minor under sections 404.005 to 404.094.

404.550. 1. The personal custodian shall collect, hold, maintain, manage, invest and reinvest the custodial property. The personal custodian may accept a transfer of additional property for the same beneficiary into the personal custodianship and may consolidate into a single custodianship custodial property received for the same beneficiary from multiple transfers or transferors.

2. The personal custodian shall deliver, pay over to the beneficiary for expenditure by the beneficiary or expend for the beneficiary's benefit, so much of the custodial property as the beneficiary may from time to time direct. If the beneficiary is an incapacitated person, the personal custodian may deliver, pay over to the beneficiary for expenditure by the beneficiary or expend for the beneficiary's benefit, so much of the custodial property as the personal custodian determines advisable for the use and benefit of the beneficiary and those members of the beneficiary's family who are legally entitled to support by the beneficiary or who were supported by the beneficiary at the time the beneficiary became incapacitated, without court order and without regard to the duty or ability of the personal custodian in the personal custodian's individual capacity or of any other person to support the beneficiary, or any other income or property of the beneficiary.

3. (1) Upon the petition of the beneficiary, guardian or conservator of an incapacitated beneficiary, an adult member of a beneficiary's family or any person interested in the welfare of the beneficiary, the court may order the personal custodian to expend or to pay over to the beneficiary or the beneficiary's guardian or conservator so much of the custodial property as the court determines advisable for the use and benefit of the beneficiary.

(2) Upon petition of a personal custodian, the beneficiary, an adult member of the beneficiary's

family or any person interested in the welfare of the beneficiary, the probate division of the circuit court shall determine and declare whether the beneficiary is a disabled or incapacitated person.

4. Any delivery, payment or expenditure under subsections 2 and 3 of this section is in addition to, not in substitution for, and does not affect the obligation of any person to support the incapacitated beneficiary or the incapacitated beneficiary's dependents.

5. The personal custodian is under a duty to act in the interest of the beneficiary and to avoid conflicts of interest that impair the personal custodian's ability to so act. In dealing with the custodial property, the personal custodian shall follow the investment and other directions of a beneficiary who is not incapacitated and shall observe the degree of care that would be observed by a prudent person dealing with the property and conducting the affairs of another, except that all investments made on or after August 28, 1998, shall be in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo. The personal custodian is not limited by any other statute restricting investments or expenditures by fiduciaries. If the personal custodian has special skills or is named personal custodian on the basis of representation of special skills or expertise, the custodian is under a duty to use those skills. The personal custodian, in the custodian's discretion and without liability to the beneficiary or the beneficiary's estate, may retain any custodial property received under sections 404.400 to 404.650, and may hold money or securities in the financial institution or brokerage company to which the property was delivered by the transferor.

6. The personal custodian may invest in and pay premiums out of custodial property for life or endowment insurance policies on the life of the beneficiary or the life of another person in whom the beneficiary has an insurable interest, provided the insurance proceeds will be distributed on the

death of the insured life to the beneficiary, the persons designated by an adult nonincapacitated beneficiary, the beneficiary's estate or the personal custodian in the personal custodian's representative capacity.

7. Subject to the degree of care prescribed in subsection 5 of this section, the personal custodian, acting in the capacity of personal custodian for the benefit of the beneficiary, has all rights, power and authority over the custodial property that unmarried, nonincapacitated adult owners have over their own property, except the power to make a gift of the beneficiary's property (i) unless granted such power by a nonincapacitated beneficiary in a writing signed and dated, and acknowledged or proved and certified in the manner provided by law for conveyances of real estate, or (ii) unless the gift to be made is approved by a court under section 475.094, RSMo.

8. The personal custodian at all times shall keep custodial property separate and distinct from all other property in a manner to identify it clearly as custodial property of the beneficiary. Custodial property consisting of an undivided interest in property is sufficiently separate and distinct if the personal custodian's interest in the property is held as a tenant in common with the other owners of the property and the beneficiary's proportional interest in the property is fixed. Custodial property is sufficiently so identified if it is held in the name of the personal custodian in the manner prescribed in section 404.540.

9. The personal custodian may establish checking, savings or other similar accounts with financial institutions and brokers whereby both the personal custodian and the beneficiary may withdraw money from the account or draw or issue checks or drafts against the account. Money withdrawn from an account or checks written against an account by the beneficiary shall be treated as a delivery of custodial property from the personal custodian to the beneficiary.

10. Subject to the degree of care prescribed in

subsection 5 of this section, the personal custodian, acting in the capacity of personal custodian and for the benefit of the beneficiary, may borrow money, lend money, acquire by lease the use of property for the beneficiary, lease custodial property and enter into contracts under which the performance required by such agreements may extend beyond the date the personal custodianship terminates. The personal custodian shall hold property that is borrowed or leased for the beneficiary as custodial property in the name of the personal custodian in the manner prescribed in section 404.540.

11. The personal custodian shall keep records of all transactions with respect to the custodial property, including information necessary for preparation of the beneficiary's tax returns, and make them available for inspection at reasonable intervals by the beneficiary, an adult member of the beneficiary's family if the beneficiary is incapacitated, and a legal representative of the beneficiary.

12. The power, authority, duties and responsibilities of a personal custodian, as provided in sections 404.400 to 404.650, may be modified by the provisions of a written agreement between the transferor or beneficiary and personal custodian.

404.714. 1. An attorney in fact who elects to act under a power of attorney is under a duty to act in the interest of the principal and to avoid conflicts of interest that impair the ability of the attorney in fact so to act. A person who is appointed an attorney in fact under a power of attorney, either durable or not durable, who undertakes to exercise the authority conferred in the power of attorney, has a fiduciary obligation to exercise the powers conferred in the best interests of the principal, and to avoid self-dealing and conflicts of interest, as in the case of a trustee with respect to the trustee's beneficiary or beneficiaries; and in the absence of explicit authorization, the attorney in fact shall exercise a high degree of care in maintaining, without modification, any estate

plan which the principal may have in place, including, but not limited to, arrangements made by the principal for disposition of assets at death through beneficiary designations, ownership by joint tenancy or tenancy by the entirety, trust arrangements or by will or codicil. Unless otherwise provided in the power of attorney or in a separate agreement between the principal and attorney in fact, an attorney in fact who elects to act shall exercise the authority granted in a power of attorney with that degree of care that would be observed by a prudent person dealing with the property and conducting the affairs of another, except that all investments made on or after August 28, 1998, shall be in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo. If the attorney in fact has special skills or was appointed attorney in fact on the basis of representations of special skills or expertise, the attorney in fact has a duty to use those skills in the principal's behalf.

2. On matters undertaken or to be undertaken in the principal's behalf and to the extent reasonably possible under the circumstances, an attorney in fact has a duty to keep in regular contact with the principal, to communicate with the principal and to obtain and follow the instructions of the principal.

3. If the principal is not available to communicate in person with the attorney in fact because:

(1) The principal is missing under such circumstances that it is not known whether the principal is alive or dead; or

(2) The principal is captured, interned, besieged or held hostage or prisoner in a foreign country;

the authority of the attorney in fact under a power of attorney, whether durable or not, shall not terminate and the attorney in fact may continue to exercise the authority conferred, faithfully and in

the best interests of the principal, until the principal returns or is publicly declared dead by a governmental agency, domestic or foreign, or is presumed dead because of continuous absence of five years as provided in section 472.290, RSMo 1986, or a similar law of the place of the last known domicile of the person whose absence is in question.

4. If, following execution of a power of attorney, the principal is absent or becomes wholly or partially disabled or incapacitated, or if there is a question with regard to the ability or capacity of the principal to give instructions to and supervise the acts and transactions of the attorney in fact, an attorney in fact exercising authority under a power of attorney, either durable or not durable, may consult with any person or persons previously designated by the principal for such purpose, and may also consult with and obtain information from the principal's spouse, physician, attorney, accountant, any member of the principal's family or other person, corporation or government agency with respect to matters to be undertaken in the principal's behalf and affecting the principal's personal affairs, welfare, family, property and business interests.

5. If, following execution of a durable power of attorney, a court appoints a legal representative for the principal, the attorney in fact shall follow the instructions of the court or of the legal representative, and shall communicate with and be accountable to the principal's guardian on matters affecting the principal's personal welfare and to the principal's conservator on matters affecting the principal's property and business interests, to the extent that the responsibilities of the guardian or conservator and the authority of the attorney in fact involve the same subject matter.

6. The authority of an attorney in fact, under a power of attorney that is not durable, is suspended during any period that the principal is disabled or incapacitated to the extent that the principal is unable to receive or evaluate

information or to communicate decisions with respect to the subject of the power of attorney; and an attorney in fact exercising authority under a power of attorney that is not durable shall not act in the principal's behalf during any period that the attorney in fact knows the principal is so disabled or incapacitated.

7. An attorney in fact shall exercise authority granted by the principal in accordance with the instrument setting forth the power of attorney, any modification made therein by the principal or the principal's legal representative or a court, and the oral and written instructions of the principal, or the written instructions of the principal's legal representative or a court.

8. An attorney in fact may be instructed in a power of attorney that the authority granted shall not be exercised until, or shall terminate on, the happening of a future event, condition or contingency, as determined in a manner prescribed in the instrument.

9. On the death of the principal, the attorney in fact shall follow the instructions of the court, if any, having jurisdiction over the estate of the principal, or any part thereof, and shall communicate with and be accountable to the principal's personal representative, or if none, the principal's successors; and the attorney in fact shall promptly deliver to and put in the possession and control of the principal's personal representative or successors, any property of the principal and copies of any records of the attorney in fact relating to transactions undertaken in the principal's behalf that are deemed by the personal representative or the court to be necessary or helpful in the administration of the decedent's estate.

10. If an attorney in fact has a property or contract interest in the subject of the power of attorney or the authority of the attorney in fact is otherwise coupled with an interest in a person other than the principal, this section does not impose any duties on the attorney in fact that

would conflict or be inconsistent with that interest.”; and

456.1-110. 1. A specified charitable organization or a person appointed to enforce a trust created for the care of an animal or another noncharitable purpose as provided in sections 456.4-408 or 456.4-409 has the rights of a qualified beneficiary under sections 456.1-101 to 456.11-1106.

2. Except with respect to [section 456.4B-411] **sections 456.1-108 and 456.4-411B**, the attorney general of this state has the rights of a qualified beneficiary with respect to an interest in a

charitable trust having its principal place of administration in this state if:

(1) a specified charitable organization is not entitled to a distribution from such interest; and

(2) distributions from the interest are payable in a manner that, if payable to an identifiable charitable entity, would qualify that entity as a specified charitable organization.

3. In this section a "specified charitable organization" means an identifiable charitable entity, **the interest of which is not otherwise subject to any power of appointment or other power of termination**, that, on the date that entity's qualification is determined:

(a) is a permissible distributee;

(b) would be a permissible distributee if the interests of the permissible distributees terminated on that date; or

(c) would be a permissible distributee if the trust terminated on that date.

4. No provision of this section shall limit the authority of the attorney general of this state to supervise and control charitable organizations.

456.1-112. 1. If a settlor's marriage is dissolved or annulled, any beneficial terms of a trust in favor of the settlor's former spouse or any fiduciary appointment of the settlor's former spouse is revoked on the date the marriage is dissolved or annulled, whether or not the terms of the trust refer to marital status. The terms of the trust shall be given effect as if the former spouse had died immediately before the date the dissolution or annulment became final. This subsection shall also apply to any beneficial interest or fiduciary appointment in favor of a relative of the settlor's former spouse as if such relative were the former spouse.

2. Subsection 1 of this section does not apply to the terms of a trust that provide any beneficial interest or fiduciary appointment for a former spouse or a relative of a former spouse that was

created after the marriage was dissolved or annulled, or that expressly states that marriage dissolution or annulment shall not affect the designation of a former spouse or relative of a former spouse as a beneficiary or a fiduciary of the trust.

3. A court may order or the settlor and the spouse may agree before, during, or after the marriage in a binding contract or settlement agreement that subsection 1 of this section does not apply to a beneficial interest or fiduciary appointment.

4. Any terms of a trust revoked solely by this section are revived by the settlor's remarriage to the former spouse or by a nullification of the marriage dissolution or annulment.

5. In this section, "a relative of the settlor's former spouse" means an individual who is related to the settlor's former spouse by blood, adoption or affinity and who, after the divorce or annulment, is not related to the settlor by blood, adoption or affinity.

6. The provisions of this section shall not apply to any trust for which a gift tax marital deduction has been claimed or allowed under Section 2523 of the Internal Revenue Code. The provisions of this section shall not apply in a manner that would result in either:

(a) a transfer to a trust being treated as an incomplete gift for federal gift tax purposes; or

(b) inclusion of assets of a trust in the gross estate of a settlor for federal estate tax purposes.

456.2-204. 1. Venue for judicial proceedings involving [the internal affairs of a] trust **administration** shall be:

the trust could properly be registered; or

(3) For a trust not then registered in this state and which cannot properly be registered in this state, in accordance with the rules of civil procedure.

2. Where a judicial proceeding under this chapter could be maintained in more than one place in this state, the court in which the proceeding is first commenced has the exclusive right to proceed.

3. If proceedings concerning the same trust are commenced in more than one court of this state, the court in which the proceeding was first commenced shall continue to hear the matter, and the other courts shall hold the matter in abeyance until the question of venue is decided, and if the court in which the proceeding was first commenced determines that venue is properly in another court, it shall transfer the proceeding to the other court.

4. If a court finds that in the interest of justice a proceeding or a file should be located in another court of this state, the court making the finding may transfer the proceeding or file to the other court.

456.3-301. 1. Notice to a person who may represent and bind another person under sections 456.3-301 to 456.3-305 has the same effect as if notice were given directly to the other person.

2. The consent of a person who may represent and bind another person under sections 456.3-301 to 456.3-305 is binding on the person represented unless the person represented objects to the representation before the consent would otherwise have become effective.

3. Except as otherwise provided in sections 456.4A-411 and 456.6-602, a person who under sections 456.3-301 to 456.3-305 may represent a settlor who lacks capacity may receive notice and give a binding consent on the settlor's behalf.

4. A settlor may not represent and bind a

beneficiary under sections 456.3-301 to 456.3-305 with respect to the termination or modification of a trust under section 456.4-411A.

456.3-304. **1.** Unless otherwise represented, a minor, incapacitated, or unborn individual, or a person whose identity or location is unknown and not reasonably ascertainable, may be represented by and bound by another having a substantially identical interest with respect to the particular question or dispute, but only to the extent there is no conflict of interest between the representative and the person represented **with respect to a particular question or dispute.**

2. Unless otherwise represented, a beneficiary who is not a qualified beneficiary may be represented by and bound by a qualified beneficiary having a substantially identical interest with respect to the particular question or dispute, but only to the extent there is no conflict of interest with respect to the particular question or dispute between the representative and the person represented, in any court proceeding under subsection 2 of section 456.4-412, or in a nonjudicial settlement agreement entered into under section 456.1-111 in lieu of such a court proceeding.

456.4-401. A trust may be created by:

(1) transfer of property to another person as trustee during the settlor's lifetime or by will or other disposition taking effect upon the settlor's death;

(2) declaration by the owner of property that the owner holds identifiable property as trustee;

(3) exercise of a power of appointment in favor of a trustee; or

(4) a court under section 475.092, 475.093, or 511.030, **RSMo, or 42 U.S.C. Section 1396p(d)(4).**

456.4-402. **1.** Other than for a trust created by section 475.092, 475.093, or 511.030, **RSMo, or**

42 U.S.C. Section 1396p(d)(4), a trust is created only if:

(1) the settlor has capacity to create a trust;

(2) the settlor indicates an intention to create the trust;

(3) the trust has a definite beneficiary or is:

(a) a charitable trust;

(b) a trust for the care of an animal, as provided in section 456.4-408; or

(c) a trust for a noncharitable purpose, as provided in section 456.4-409;

(4) the trustee has duties to perform; and

(5) the same person is not the sole trustee and sole beneficiary.

2. A beneficiary is definite if the beneficiary can be ascertained now or in the future, subject to any applicable rule against perpetuities.

3. A power in a trustee to select a beneficiary from an indefinite class is valid. If the power is not exercised within a reasonable time, the power fails and the property subject to the power passes to the persons who would have taken the property had the power not been conferred.

456.4-411A. **1. Except for a trust established by a court under section 475.092, 475.093, 511.033, RSMo, or 42 U.S.C. Section 1396p(d)(4),** a noncharitable irrevocable trust may be modified or terminated upon consent of the settlor and all beneficiaries, without court approval, even if the modification or termination is inconsistent with a material purpose of the trust. A settlor's power to consent to a trust's termination or modification may be exercised by an agent under a power of attorney only to the extent expressly authorized by the power of attorney or the terms of the trust; by the settlor's conservator with the approval of the court supervising the conservatorship if an agent is not so authorized; or by the settlor's conservator ad litem with the approval of the court if an agent is not so

authorized and a conservator has not been appointed.

2. Upon termination of a trust under subsection 1 of this section, the trustee shall distribute the trust property as agreed by the beneficiaries.

3. If not all of the beneficiaries consent to a proposed modification or termination of the trust under subsection 1 of this section, the modification or termination may be approved by the court if the court is satisfied that:

(1) if all of the beneficiaries had consented, the trust could have been modified or terminated under subsection 1 of this section; and

(2) the interests of a beneficiary who does not consent will be adequately protected.

456.4-411B. 1. When all of the adult beneficiaries having the capacity to contract consent, the court may, upon finding that the interest of any nonconsenting beneficiary will be adequately protected, modify the terms of a noncharitable irrevocable trust so as to reduce or eliminate the interests of some beneficiaries and increase those of others, change the times or amounts of payments and distributions to beneficiaries, or provide for termination of the trust at a time earlier or later than that specified by its terms. The court may at any time upon its own motion appoint a representative pursuant to section 456.3-305 to represent a nonconsenting beneficiary. The court shall appoint such a representative upon the motion of any party, unless the court determines such an appointment is not appropriate under the circumstances.

2. Upon termination of a trust under subsection 1 of this section, the trustee shall distribute the trust property as directed by the court.

3. If a trust cannot be terminated or modified under subsection 1 of this section because not all adult beneficiaries having capacity to contract consent or the terms of the trust prevent such

modification or termination, the modification or termination may be approved by the court if the court is satisfied that the interests of a beneficiary, other than the settlor, who does not consent will be adequately protected, modification or termination will benefit a living settlor who is also a beneficiary, and:

(1) in the case of a termination, the party seeking termination establishes that continuance of the trust is not necessary to achieve any material purpose of the trust; or

(2) in the case of a modification, the party seeking modification establishes that the modification is not inconsistent with a material purpose of the trust, and the modification is not specifically prohibited by the terms of the trust.

4. This section shall apply to trusts created **under trust instruments that become irrevocable** on or after January 1, 2005. The provisions of section 456.590 shall apply to all trusts **that were** created **under trust instruments that become irrevocable** prior to January 1, 2005.

456.5-501. **Except as otherwise provided in sections 456.5-506 to 456.5-507**, to the extent a beneficiary's interest is not [protected by] **subject to** a spendthrift provision, an assignee or a judgment creditor of the beneficiary may, without court order, reach the beneficiary's interest by attachment of present or future distributions to or for the benefit of the beneficiary or other means. The court may limit the award to such relief as is appropriate under the circumstances.

456.5-504. 1. [Except as otherwise provided in section 456.5-503, whether or not a trust contains a spendthrift provision, a creditor of a beneficiary may not compel a distribution that is subject to the trustee's discretion, even if:

(1) the discretion is expressed in the form of a standard of distribution; or

(2) the trustee has abused the discretion.] **A beneficiary's interest in a trust that is subject to the trustee's discretion does not constitute an**

interest in property or an enforceable right even if the discretion is expressed in the form of a standard of distribution or the beneficiary is then serving as a trustee or co-trustee. A creditor or other claimant may not attach present or future distributions from such an interest or right, obtain an order from a court forcing the judicial sale of the interest or compelling the trustee to make distributions, or reach the interest or right by any other means, even if the trustee has abused the trustee's discretion.

2. This section does not limit the right of a beneficiary to maintain a judicial proceeding against a trustee for an abuse of discretion or failure to comply with a standard for distribution.

3. This section applies whether or not an interest is subject to a spendthrift provision.

4. For purposes of this section, a beneficiary's interest in a trust is subject to the trustee's discretion if that interest does not constitute a mandatory distribution as defined in subsection 1 of section 456.5-506.

456.5-506. 1. As used in this section, **“mandatory distribution” means a distribution of income or principal which the trustee is required to make to a beneficiary under the terms of the trust, including a distribution upon termination of the trust. The term does not include a distribution subject to the exercise of the trustee's discretion even if (1) the discretion is expressed in the form of a standard of distribution, or (2) the terms of the trust authorizing a distribution couple language of discretion with language of direction.**

2. Whether or not a trust contains a spendthrift provision, a creditor or assignee of a beneficiary may reach a mandatory distribution of income or principal, including a distribution upon termination of the trust, if the trustee has not made the distribution to the beneficiary within a reasonable time after the required distribution date.

456.7-703. 1. Cotrustees shall act by majority decision.

2. If a vacancy occurs in a cotrusteeship, the remaining cotrustees may act for the trust.

3. A cotrustee must participate in the performance of a trustee's function unless the cotrustee is unavailable to perform the function because of absence, illness, disqualification under other law, or other temporary incapacity or the cotrustee has properly delegated the performance of the function to another trustee.

4. If a cotrustee is unavailable to perform duties because of absence, illness, disqualification under other law, or other temporary incapacity, and prompt action is necessary to achieve the purposes of the trust or to avoid injury to the trust property, the remaining cotrustee or a majority of the remaining cotrustees may act for the trust.

5. A trustee may [not] delegate to a cotrustee the performance of a function [the settlor reasonably expected the trustees to perform jointly] **in accordance with subsection 1 of section 456.8-807.** Unless a delegation was irrevocable, a trustee may revoke a delegation previously made.

6. Except as otherwise provided in subsection 7 of this section, a trustee who does not join in an action of another trustee is not liable for the action.

7. Each trustee shall exercise reasonable care to:

(1) prevent a cotrustee from committing a serious breach of trust; and

(2) compel a cotrustee to redress a serious breach of trust.

8. A dissenting trustee who joins in an action at the direction of the majority of the trustees and who notified any cotrustee of the dissent at or before the time of the action is not liable for the action unless the action is a serious breach of trust.

456.8-813. 1. **(1)** A trustee shall keep the

qualified beneficiaries of the trust reasonably informed about the administration of the trust and of the material facts necessary for them to protect their interests. **A trustee shall be presumed to have fulfilled this duty if the trustee complies with the notice and information requirements prescribed in subsections 2 to 7 of this section.**

(2) Unless unreasonable under the circumstances, a trustee shall promptly respond to a beneficiary's request for information related to the administration of the trust.

2. A trustee:

(1) upon request of a beneficiary, shall promptly furnish to the beneficiary a copy of the trust instrument;

(2) within 60 days after accepting a trusteeship, shall notify the qualified beneficiaries of the acceptance and of the trustee's name, address, and telephone number;

(3) within sixty days after the date the trustee acquires knowledge of the creation of an irrevocable trust, or the date the trustee acquires knowledge that a formerly revocable trust has become irrevocable, whether by the death of the settlor or otherwise, shall notify the qualified beneficiaries of the trust's existence, of the identity of the settlor or settlors, of the right to request a copy of the trust instrument, and of the right to a trustee's report as provided in subsection 3 of this section; and

(4) shall notify the qualified beneficiaries in advance of any change in the method or rate of the trustee's compensation. [Subdivisions (2) and (3) of this subsection do not apply to a trust that became irrevocable before January 1, 2005.]

3. A trustee shall send to the permissible distributees of trust income or principal, and to other beneficiaries who request it, at least annually and at the termination of the trust, a report of the trust property, liabilities, receipts, and disbursements, including the source and amount of the trustee's compensation, a listing of the trust

assets and, if feasible, their respective market values. Upon a vacancy in a trusteeship, unless a cotrustee remains in office, a report must be sent to the qualified beneficiaries by the former trustee. A personal representative, conservator, or guardian may send the qualified beneficiaries a report on behalf of a deceased or incapacitated trustee.

4. A beneficiary may waive the right to a trustee's report or other information otherwise required to be furnished under this section. A beneficiary, with respect to future reports and other information, may withdraw a waiver previously given.

5. A trustee may charge a reasonable fee to a beneficiary for providing information under this section.

6. The request of any beneficiary for information under any provision of this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust.

7. If the trustee is bound by any confidentiality restrictions with respect to an asset of a trust, any beneficiary who is eligible to receive information pursuant to this section about such asset shall agree to be bound by the confidentiality restrictions that bind the trustee before receiving such information from the trustee.

8. This section does not apply to a trust created under a trust instrument that became irrevocable before January 1, 2005, and the law in effect prior to January 1, 2005, regarding the subject matter of this section shall continue to apply to those trusts.

456.8-814. 1. Notwithstanding the [breadth of discretion granted to a trustee in the terms of the trust, including the] use of such terms as "absolute," "sole," or "uncontrolled," **in the exercise of discretion under an ascertainable standard**, the trustee shall exercise [a] **such** discretionary power in good faith and in accordance with the terms and purposes of the trust

and the interests of the beneficiaries.

2. Subject to subsection 4 of this section, and unless the terms of the trust expressly indicate that a rule in this subsection does not apply:

(1) a person other than a settlor who is a beneficiary and trustee of a trust that confers on the trustee a power to make discretionary distributions to or for the trustee's personal benefit may exercise the power only in accordance with an ascertainable standard [relating to the trustee's individual health, education, support, or maintenance within the meaning of Section 2041(b)(1)(A) or 2514(c)(1) of the Internal Revenue Code];

(2) a trustee may not exercise a power to make discretionary distributions to satisfy a legal obligation of support that the trustee personally owes another person; and

(3) for purposes of this subsection 2 of this section, the term "trustee" shall include a person who is deemed to have any power of a trustee, whether because such person has the right to remove or replace any trustee, because a reciprocal trust or power doctrine applies, or for any other reason.

3. A power whose exercise is limited or prohibited by subsection 2 may be exercised by a majority of the remaining trustees whose exercise of the power is not so limited or prohibited. If the power of all trustees is so limited or prohibited, the court may appoint a special fiduciary with authority to exercise the power.

4. Subsection 2 of this section does not apply to:

(1) a power held by the settlor's spouse who is the trustee of a trust for which a marital deduction, as defined in Section 2056(b)(5) or 2523(b)(5) of the Internal Revenue Code was previously allowed;

(2) any trust during any period that the trust may be revoked or amended by its settlor; or

(3) a trust if contributions to the trust qualify

for the annual exclusion under Section 2503(c) of the Internal Revenue Code.

456.8-816. Without limiting the authority conferred by section 456.8-815, a trustee may:

(1) collect trust property and accept or reject additions to the trust property from a settlor or any other person;

(2) acquire or sell property in divided or undivided interests, for cash or on credit, at public or private sale;

(3) exchange, partition, or otherwise change the character of trust property;

(4) deposit trust money in an account in a financial institution;

(5) borrow money, with or without security, and mortgage or pledge trust property for a period within or extending beyond the duration of the trust;

(6) with respect to an interest in a proprietorship, partnership, limited liability company, business trust, corporation, or other form of business or enterprise, continue the business or other enterprise and take any action that may be taken by shareholders, members, or property owners, including merging, dissolving, or otherwise changing the form of business organization or contributing additional capital;

(7) with respect to stocks or other securities, exercise the rights of an absolute owner, including the right to:

(a) vote, or give proxies to vote, with or without power of substitution, or enter into or continue a voting trust agreement;

(b) hold a security in the name of a nominee or in other form without disclosure of the trust so that title may pass by delivery;

(c) pay calls, assessments, and other sums chargeable or accruing against the securities, and sell or exercise stock subscription or conversion rights; and

(d) deposit the securities with a depository or other financial institution;

(8) with respect to an interest in real property, construct, or make ordinary or extraordinary repairs to, alterations to, or improvements in, buildings or other structures, demolish improvements, raze existing or erect new party walls or buildings, subdivide or develop land, dedicate land to public use or grant public or private easements, and make or vacate plats and adjust boundaries;

(9) enter into a lease for any purpose as lessor or lessee, including a lease or other arrangement for exploration and removal of natural resources, with or without the option to purchase or renew, for a period within or extending beyond the duration of the trust;

(10) grant an option involving a sale, lease, or other disposition of trust property or acquire an option for the acquisition of property, including an option exercisable beyond the duration of the trust, and exercise an option so acquired;

(11) insure the property of the trust against damage or loss and insure the trustee, the trustee's agents, and beneficiaries against liability arising from the administration of the trust;

(12) abandon or decline to administer property of no value or of insufficient value to justify its collection or continued administration;

(13) with respect to possible liability for violation of environmental law:

(a) inspect or investigate property the trustee holds or has been asked to hold, or property owned or operated by an organization in which the trustee holds or has been asked to hold an interest, for the purpose of determining the application of environmental law with respect to the property;

(b) take action to prevent, abate, or otherwise remedy any actual or potential violation of any environmental law affecting property held directly or indirectly by the trustee, whether taken before or

after the assertion of a claim or the initiation of governmental enforcement;

(c) decline to accept property into trust or disclaim any power with respect to property that is or may be burdened with liability for violation of environmental law;

(d) compromise claims against the trust which may be asserted for an alleged violation of environmental law; and

(e) pay the expense of any inspection, review, abatement, or remedial action to comply with environmental law;

(14) pay or contest any claim, settle a claim by or against the trust, and release, in whole or in part, a claim belonging to the trust;

(15) pay taxes, assessments, compensation of the trustee and of employees and agents of the trust, and other expenses incurred in the administration of the trust;

(16) exercise elections with respect to federal, state, and local taxes;

(17) select a mode of payment under any employee benefit or retirement plan, annuity, or life insurance payable to the trustee, exercise rights thereunder, including exercise of the right to indemnification for expenses and against liabilities, and take appropriate action to collect the proceeds;

(18) make loans out of trust property, including loans to a beneficiary on terms and conditions the trustee considers to be fair and reasonable under the circumstances, and the trustee has a lien on future distributions for repayment of those loans;

(19) pledge trust property to guarantee or secure loans made by others to a beneficiary;

(20) appoint a trustee to act in another jurisdiction with respect to trust property located in the other jurisdiction, confer upon the appointed trustee all of the powers and duties of the

appointing trustee, require that the appointed trustee furnish security, and remove any trustee so appointed;

(21) pay an amount distributable to a beneficiary who is under a legal disability or who the trustee reasonably believes is incapacitated, by paying it directly to the beneficiary or applying it for the beneficiary's benefit, or by:

(a) paying it to the beneficiary's conservator or, if the beneficiary does not have a conservator, the beneficiary's guardian;

(b) paying it to the beneficiary's custodian under the Missouri transfers to minors law under sections 404.005 to 404.094, RSMo, or a personal custodian under sections 404.400 to 404.650, RSMo, and, for that purpose, creating a custodianship or custodial trust;

(c) if the trustee does not know of a conservator, guardian, custodian, or custodial trustee, paying it to an adult relative or other person having legal or physical care or custody of the beneficiary, to be expended on the beneficiary's behalf; or

(d) managing it as a separate fund on the beneficiary's behalf, subject to the beneficiary's continuing right to withdraw the distribution;

(22) on distribution of trust property or the division or termination of a trust, make distributions in divided or undivided interests, allocate particular assets in proportionate or disproportionate shares, value the trust property for those purposes, and adjust for resulting differences in valuation;

(23) resolve a dispute concerning the interpretation of the trust or its administration by mediation, arbitration, or other procedure for alternative dispute resolution;

(26) sign and deliver contracts and other instruments that are useful to achieve or facilitate the exercise of the trustee's powers[.] ;

[(26)] (27) on termination of the trust, exercise the powers appropriate to wind up the administration of the trust and distribute the trust property to the persons entitled to it; and

[(27)] (28) to invest and reinvest trust assets in accordance with sections 469.900 to 469.913, RSMo; including investing and reinvesting in securities or obligations of any state or its political subdivisions, including securities or obligations that are underwritten by the trustee or an affiliate of the trustee or a syndicate in which the trustee or an affiliate of the trustee is a member which meet the standards established by the division of finance pursuant to subsection 5 of section 362.550, RSMo.

469.600. The doctrine of worthier title and the Rule in Bingham's case is abolished as a rule of law and as a rule of construction. Language in a governing instrument describing the beneficiaries of a disposition as the transferor's "heirs", "heirs at law", "next of kin", "distributees", "relatives", or "family", or language of similar import does not create or presumptively create a reversionary interest in the transferor.

473.333. If it appears that there is a surplus of money in the hands of the personal representative that will not shortly be required for the expenses of administration, or payment of claims, taxes or other required disbursements, the personal representative shall make such investment of the money on or after August 28, 1998, in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900**

to **469.913**, RSMo. The personal representative may also, without an order of court, invest in (1) direct obligations of, or obligations unconditionally guaranteed as to principal and interest, by the United States, or (2) accounts of savings and loan associations to the extent the accounts are insured by the Federal Savings and Loan Insurance Corporation, without inquiry as to whether the investment is reasonable and prudent. An order of court authorizing investments pursuant to this section does not relieve a personal representative or his sureties of responsibility and liability if the investment made is not in fact in accordance with the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo.

473.787. 1. While letters testamentary or of administration authorizing independent administration of the estate are in force, the personal representative therein named is an independent personal representative and his administration of the estate is an independent administration, and all actions taken on or after August 28, 1996, shall be in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo.

2. An independent personal representative shall proceed expeditiously with the settlement and distribution of the estate in accordance with the applicable provisions of this chapter and, except as otherwise specified by the provisions of sections 473.780 to 473.843, shall do so without adjudication, order, or direction of the court, but he may invoke the jurisdiction of the court, in proceedings authorized by this code, to resolve questions concerning the estate or its administration or distribution.

3. Unless he is a member in good standing of the Missouri bar, an independent personal representative, because he owes a fiduciary duty to the persons interested in the estate, shall secure the advice and services of an attorney, who is not a

salaried employee of the personal representative, on legal questions arising in connection with:

- (1) The application for and issuance of letters testamentary or of administration;
- (2) The collection, investment and preservation of assets;
- (3) The inventory;
- (4) The allowance, disallowance, compromise and payment of claims;
- (5) The making of tax returns;
- (6) The transfer and encumbrance of property of the estate;
- (7) The interpretation of the will and of the intestacy laws;
- (8) The scheme and making of distribution; and
- (9) The closing of the estate.

475.092. 1. If it is established in a proceeding conducted in [the] a manner [prescribed for] **similar to a proceeding for the** appointment of a conservator of the estate that a person is a minor or disabled, **or is blind or has a physical or mental disability as defined under state or federal law**, the court, without appointing a conservator, may authorize, direct or ratify any transaction necessary or desirable to achieve any security, service, or care arrangement meeting the foreseeable needs of the [minor or disabled] person.

2. When it has been established in such a proceeding that the person is a minor or disabled, **or is blind or has a physical or mental disability as defined under state or federal law**, the court, without appointing a conservator, may authorize, direct or ratify any contract or other transaction relating to the [minor or disabled] person's financial affairs or involving such person's estate if the court determines that the transaction is in the best interests of the [minor or disabled] person and if such action would otherwise be within the power of the court [pursuant to this chapter]. A

transaction pursuant to this section may include the establishment by the court or other grantor of an inter vivos trust, **including a trust that complies with the provisions of 42 U.S.C. Section 1396p(d)(4)**, on behalf of the [minor or disabled] person provided that upon such person's death, after the payment of trustees' fees, [the state of Missouri shall first receive all amounts remaining in the trust up to an amount equal to the total medical assistance paid on such person's behalf pursuant to a state plan as provided in Title 42 of the United States Code] **any payments to the state Medicaid agency that are required by the provisions of 42 U.S.C. Section 1396p(d)(4) are made** and, provided further, that any creditor of the [minor or disabled] person other than the state of Missouri shall also be paid all sums due for such person's care, maintenance and support, to the extent trust property is sufficient therefor, and, provided, such trust shall terminate upon such person's death and any amounts remaining in the trust after the foregoing payments shall be distributed to [such decedent's estate] **the remainder beneficiaries designated in the trust or as designated pursuant to the exercise of a power of appointment set forth in the trust. This section shall not be interpreted to require all such trusts to be established by a court proceeding.**

3. Before approving a protective arrangement or other transaction pursuant to this section, the court shall consider the interests of creditors and dependents of the [minor or disabled] person and, in view of such person's disability, whether such person needs the continuing protection of a conservator. The court may appoint a special conservator to assist in the accomplishment of any protective arrangement or other transaction authorized pursuant to this section who shall have the authority conferred by the order and serve until discharged by order after report to the court of all matters done pursuant to the order of appointment.

4. Notwithstanding any other law to the contrary, the trustee of any trust created or

approved by a Missouri court [for a minor or disabled person] prior to August 28, 1999, **for the benefit of a person who is a minor or disabled, or is blind or has a physical or mental disability as defined under state or federal law** shall not be liable to the state of Missouri or to any creditor of such person if, on August 28, 1999, the trust does not have sufficient assets to reimburse the state of Missouri for medical assistance paid on such person's behalf pursuant to a state plan as provided in Title 42 of the United States Code or to reimburse a creditor for sums due for such person's care, maintenance and support. Any such trust which is in existence as of August 28, 1999, shall be subject to subsection 2 of this section, as amended, notwithstanding any provisions of such trust to the contrary. The trustee shall not be liable for any distributions or payments made prior to August 28, 1999, pursuant to the terms of such trust.

475.130. 1. Conservator of the estate of a minor or disabled person shall, under supervision of the court, protect, preserve and manage the estate, invest it, on or after August 28, 1998, in accordance with the provisions of the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo, apply it as provided in this code, account for it faithfully, perform all other duties required of him by law, and at the termination of the conservatorship deliver the assets of the protectee to the persons entitled thereto. In protecting, preserving and managing the estate, the conservator of the estate is under a duty to use the degree of care, skill and prudence which an ordinarily prudent man uses in managing the property of, and conducting transactions on behalf of, others. If a conservator of the estate has special skills or is appointed on the basis of representations of special skills or expertise, he is under a duty to use those skills in the conduct of the protectee's affairs. A conservator of the estate is under a duty to act in the interest of the protectee and to avoid conflicts of interest which impair his ability so to act.

2. The conservator of the estate shall take possession of all of the protectee's real and personal property, and of rents, income, issue and profits therefrom, whether accruing before or after his appointment, and of the proceeds arising from the sale, mortgage, lease or exchange thereof. Subject to such possession, the title to all such estate, and to the increment and proceeds thereof, is in the protectee and not in the conservator. Upon a showing that funds available or payable for the benefit of the protectee by any federal agency are being applied for the benefit of the protectee, or that such federal agency has refused to recognize the authority of the conservator to administer such funds, the court may waive, by order, the duty of the conservator to account therefor.

3. The court has full authority under the rules of civil procedure to enjoin any person from interfering with the right of the conservator to possession of the assets of the protectee, including benefits payable from any source.

4. The conservator of the estate shall prosecute and defend all actions instituted in behalf of or against the protectee; collect all debts due or becoming due to the protectee, and give acquittances and discharges therefor, and adjust, settle and pay all claims due or becoming due from the protectee so far as his estate and effects will extend, except as provided in sections 507.150 and 507.188, RSMo.

5. A conservator of the estate has power, without authorization or approval of the court, to:

(1) Settle or compromise a claim against the protectee or the estate agreeing to pay or paying not more than one thousand dollars;

(2) Settle, abandon or compromise a claim in favor of the estate which does not exceed one thousand dollars;

(3) Sell, or agree to sell, chattels, choses in action and investment securities reasonably worth not more than one thousand dollars for cash or upon terms involving a reasonable extension of

credit;

(4) Exchange, or agree to exchange, chattels, choses in action and investment securities for other such property of equivalent value, not in excess of one thousand dollars;

(5) Insure or contract for insurance of property of the estate against fire, theft and other hazards;

(6) Insure or contract for insurance protecting the protectee against any liability likely to be incurred, including medical and hospital expenses, and protecting the conservator against liability to third parties arising from acts or omissions connected with possession or management of the estate;

(7) Contract for needed repairs and maintenance of property of the estate;

(8) Lease land and buildings for terms not exceeding one year, reserving reasonable rent, and renew any such lease for a like term;

(9) Vote corporate stock in person or by general or limited proxy;

(10) Contract for the provision of board, lodging, education, medical care, or necessities of the protectee for periods not exceeding one year, and renew any such contract for a like period.

6. If, in exercising any power conferred by subsection 5, of this section, a conservator breaches any of the duties enumerated in subsection 1, he may be surcharged for losses to the estate caused by the breach but persons who dealt with the conservator in good faith, without knowledge of or reason to suspect the breach of duty, may enforce and retain the benefits of any transaction with the conservator which he has power under subsection 5 of this section to conduct.

475.190. 1. The conservator shall invest the money of the protectee, from whatever source derived, unless it is required for other lawful purposes.

2. No investment, other than an investment (a) in the direct obligations of or obligations unconditionally guaranteed as to principal and interest by the United States or (b) in savings accounts and time deposits, including time certificates of deposit, in banking institutions to the extent such accounts or deposits are insured by the Federal Deposit Insurance Corporation or (c) in accounts of savings and loan associations to the extent such accounts are insured by the Federal Savings and Loan Insurance Corporation, shall be made without prior order of the court.

3. The conservator may invest in any other property, real or personal, which the court finds is a reasonable and prudent investment in the circumstances. An order of court authorizing investment under this subsection does not relieve a conservator or his sureties of responsibility and liability if the investment made is not in fact in accordance with the Missouri prudent investor act, sections [456.900 to 456.913] **469.900 to 469.913**, RSMo.

4. Every conservator shall make a report at every annual settlement of the disposition made by the conservator of the money belonging to the protectee entrusted to him. If it appears that the money is invested in securities, then the conservator shall report a detailed description of the securities and shall describe any real estate security and state where it is situated, and its value, which report shall be filed in the court. The court shall carefully examine into the report as soon as made, and, if in the opinion of the court the security is insufficient, the court shall make such orders as are necessary to protect the interest of the protectee. The conservator and his sureties are liable on their bond for any omission to comply with the orders of the court. If the money has not been invested as authorized by law the conservator shall state that fact and the reasons, and shall state that the conservator has been unable to make an investment after diligent effort to do so.

5. If any conservator refuses or neglects to

make the report at the time aforesaid, or makes a false report thereof, he and his sureties are liable on their bond for all loss or damage to the protectee occasioned by reason of his neglect or refusal so to report, or by making a false report, and the conservator may, on account thereof, be removed from his trust in the discretion of the court.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

“700.385. 1. When the holder of any indebtedness secured by a security agreement or other contract for security covering a manufactured home, **who has a notice of lien on file with the director of revenue**, repossesses the manufactured home either by legal process or in accordance with the terms of a contract authorizing the repossession of the manufactured home without legal process, the holder may obtain a certificate of [title] **ownership** from the director of revenue upon presentation of:

(1) An application[, which shall be upon a blank] form furnished by the director of revenue [and] **which** shall contain [the] **a** full description of the manufactured home and the manufacturer's or other identifying number;

(2) **A notice of lien receipt or the original certificate of ownership reflecting the holder's lien; and**

(3) An affidavit of the holder, **certified under penalties of perjury for making a false statement to a public official**, that the debtor defaulted in payment of the debt, and that the holder repossessed the manufactured home either

(3) The original, or a conformed or photostatic copy of the original, of the security agreement or other contract for security and the instrument or instruments evidencing the indebtedness secured by the security agreement or other contract for security.

The director may, by regulation, prescribe for the inclusion in either or both the application or affidavit required by this subsection any other information that he, from time to time, deems necessary or advisable, and may prescribe that the affidavit required by this subsection be part of the application]. **Such affidavit shall also state that the lienholder has the written consent from all owners or lienholders of record to repossess the manufactured home or has provided all the owners or lienholders with written notice of the repossession.**

2. On a manufactured home, the lienholder shall first give:

(1) Ten days' written notice by first class United States mail, postage prepaid, to each of the owners and other lienholders, if any, of the manufactured home at each of their last mailing addresses as shown by the last prior certificate of ownership, if any issued, or the most recent address on the lienholder's records, that an application for a repossessed title will be made; or

(2) The lienholder may, ten days prior to applying for a repossession title, include the information in the above notice in the appropriate uniform commercial code notice under sections 400.9-613 or 400.9-614, RSMo. Such alternative notice to all owners and lienholders shall be valid and enforceable under both the uniform commercial code and this section, provided it otherwise complies with the provisions of the uniform commercial code.

3. Upon the holder's presentation of the papers required by subsection 1 of this section and the payment of a fee of ten dollars, the director of revenue, if he is satisfied with the genuineness of the papers, shall issue and deliver to the holder a certificate of [title] **ownership** which shall be in its usual form except it shall be clearly captioned "Repossessed Title"[; except that, unless the application is accompanied by the written consent, acknowledged before an officer authorized to take acknowledgments, of the owners and other lienholders, if any, of the manufactured home as shown by the last prior certificate of title or ownership, if any, issued on the manufactured home for the issuance of a repossessed title to the applicant, no such repossessed title may be issued by the director of revenue unless the director shall first give ten days' written notice by first class United States mail postage prepaid to each of the owners and other lienholders, if any, of the manufactured home at each of their last mailing addresses as shown by the last prior certificate of title or ownership, if any, issued on the manufactured home that an application for a repossessed title has been made and the date the repossessed title will be issued, which notice shall be accompanied by a copy, photostatic or otherwise, of the application and affidavit. The application for repossessed title may be withdrawn by the applicant at any time before the granting thereof]. Each repossessed title so issued shall, for all purposes, be treated as an original certificate of [title] **ownership** and shall supersede the outstanding certificate of [title or] ownership, if any, and duplicates thereof, if any, on the manufactured home, all of which shall become null and void.

[3.] **4.** In any case where there is no certificate of [title or] ownership, or duplicate thereof, outstanding in the name of the debtor on the repossessed manufactured home, the director of revenue shall issue a repossessed title to the holder [upon the payment of] **and shall proceed to collect** all unpaid fees, taxes, charges and penalties

owed by the debtor, in addition to the fee specified in subsection 2 of this section.

5. The director of revenue may prescribe rules and regulations for the effective administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.”; and

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-NINTH DAY—TUESDAY, MAY 9, 2006

The Senate met pursuant to adjournment.

Senator Crowell in the Chair.

Reverend Carl Gauck offered the following prayer:

“I was often filled with despair. What kept me afloat, what kept me going, were the times I shared alone with God...But in those times, when I let him, God always lifted me up.” (Peter Lord, “Hearing God”)

Amazing God, Your grace lifts us like a wave when we are getting overwhelmed with tons of paper and reading to get through and debates to listen to and finally decisions that have to be made. May we take moments of silence throughout the day to be with You and talk with You and allow You to lift us up and direct our thoughts along Your right pathways so we may finish the day pleasing You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

c. For the 2008-09 school year, if a school district experiences a decrease in summer school average daily attendance of more than forty-four percent from the district's 2005-06 summer school average daily attendance, an amount equal to the product of the percent reduction that is in excess of forty-four percent

State aid for transportation shall be paid as provided in section 163.161, RSMo, only on the basis of the cost of pupil transportation for those pupils living one mile or more from school, including transportation provided to and from publicly operated university laboratory schools. The board of education may provide transportation for pupils living less than one mile from school at the expense of the district and may prescribe reasonable rules and regulations as to eligibility of pupils for transportation, **and, notwithstanding any other provision of law, no such district shall be subject to an administrative penalty when the district demonstrates pursuant to rule established by the state board of education that such students are required to cross a state highway or county arterial in the absence of sidewalks, traffic signals, or a crossing guard and that no existing bus stop location has been changed to permit a district to evade such penalty.** If no increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from the school, the board may transport said pupils. If an increase

in the tax levy of the school district is required to provide transportation for pupils living less than one mile from school, the board shall submit the question at a public election. If a two-thirds majority of the voters voting on the question at the election are in favor of providing the transportation, the board shall arrange and provide therefor.

2. The proposal and the ballots may be in substantially the following form:

☐ YES ☐ NO

(If you are in favor of the proposition (or question), place an X in the box opposite “YES”. If you are opposed to the proposition (or question), place an X in the box opposite “NO”).

3. The board of education of any school district may provide transportation to and from school for any public school pupil not otherwise eligible for transportation under the provisions of state law, and may prescribe reasonable rules and regulations as to eligibility for transportation, if the parents or guardian of the pupil agree in writing to pay the actual cost of transporting the pupil. The minimum charge would be the actual cost of transporting the pupil for ninety school days, which actual cost is to be determined by the average per pupil cost of transporting children in the school district during the preceding school year. The full actual cost shall be paid by the parent or guardian of the pupil and shall not be paid out of any state school aid funds or out of any other revenues of the school district. The cost of transportation may be paid in installments, and the board of education shall establish the cost of the

transportation and the time or times and method of payment.”; and

Further amend the title and enacting clause accordingly.

“165.121. 1. The school board of each seven-director district shall cause an audit examination to be made at least biennially of all financial, transportation and attendance records of

the districts. Such examination shall be made in accordance with generally accepted auditing standards applicable in the circumstances, including such reviews and tests of the system of internal check and control and of the books, records and other underlying data as are necessary to enable the independent accountant performing the audit to come to an informed opinion as to the financial affairs (including attendance and transportation transactions) of the district. An independent auditor who is not regularly engaged as an employee of the school board shall perform the audit and make a written report of his findings.

2. The board shall supply each member thereof with a copy of the report and in addition shall furnish one copy each to the state department of elementary and secondary education and to the superintendent of schools of the county in which the district is located. The cost of the audit and report shall be paid for out of the incidental fund of the district.

(6) The auditor's opinion as to whether the district's budgetary and disbursement procedures conform to the requirements of chapter 67, RSMo;

(7) The auditor's opinion as to whether attendance and transportation records are so maintained by the district as to disclose accurately average daily attendance and average daily transportation of pupils during the period of the audit;

(8) Financial statements presented in such form as to disclose the operations of each fund of the school district and a statement of the operations of all funds.

4. The school board shall furnish the state department of elementary and secondary education with its copy of the audit report not later than October thirty-first following the close of the fiscal period covered by the audit unless, for good cause shown prior to such date, the commissioner of education or some officer of the department of elementary and secondary education designated by him for this purpose grants an extension of time, not to exceed sixty additional days, for the filing of the report. In the event the report in the approved form is not filed within the period or extension thereof, further state aid to the district shall thereafter be withheld until the audit report has been received by the department of elementary and secondary education.

5. Within thirty days of the receipt of the audit report the school board shall cause a summary of the report to be prepared which shall include, together with any other matter the board deems appropriate, the following:

(1) A summary statement of fund balances and receipts and disbursements by major classifications of each fund and all funds;

(2) A summary statement of the scope of the audit examination;

(3) The auditor's opinion on the financial statements included in the audit report.

Immediately upon the completion of the summary, the school board shall cause it to be published once in a newspaper within the county in which all or a part of the district is located which has general circulation within the district or, if there is none, then the board shall cause the summary to be posted in at least five public places within the district. The publication shall contain information as to where the audit report is available for inspection and examination. The report shall be kept available for such purposes thereafter.

the charter, which is located in the city.

4. No sponsor shall receive from an applicant for a charter school any fee of any type for the consideration of a charter, nor may a sponsor condition its consideration of a charter on the promise of future payment of any kind.

5. The charter school shall be a Missouri nonprofit corporation incorporated pursuant to chapter 355, RSMo. The charter provided for herein shall constitute a contract between the sponsor and the charter school.

6. As a nonprofit corporation incorporated pursuant to chapter 355, RSMo, the charter school shall select the method for election of officers pursuant to section 355.326, RSMo, based on the class of corporation selected. Meetings of the governing board of the charter school shall be subject to the provisions of sections 610.010 to 610.030, RSMo, the open meetings law.

7. A sponsor of a charter school, its agents and employees are not liable for any acts or omissions of a charter school that it sponsors, including acts or omissions relating to the charter submitted by the charter school, the operation of the charter school and the performance of the charter school.

8. A charter school may affiliate with a four-year college or university, including a private college or university, or a community college as otherwise specified in subsection 2 of this section when its charter is granted by a sponsor other than such college, university or community college. Affiliation status recognizes a relationship between the charter school and the college or university for purposes of teacher training and staff development, curriculum and assessment development, use of physical facilities owned by or rented on behalf of the college or university, and other similar purposes. The primary campus of the college or university must be located within the county in which the school district lies wherein the charter school is located or in a county adjacent to the county in which the district is located. A

university, college or community college may not charge or accept a fee for affiliation status.

9. The expenses associated with sponsorship of charter schools shall be defrayed by the department of elementary and secondary education retaining one and five-tenths percent of the amount of state and local funding allocated to the charter school under section 160.415, not to exceed one hundred twenty-five thousand dollars, adjusted for inflation. Such amount shall not be withheld when the sponsor is a school district or the state board of education. The department of elementary and secondary education shall remit the retained funds for each charter school to the school's sponsor, provided the sponsor remains in good standing by fulfilling its sponsorship obligations under sections 160.400 to 160.420 and 167.349, RSMo, with regard to each charter school it sponsors.

10. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

11. No sponsor shall grant a charter under sections 160.400 to 160.420 and 167.349, RSMo, without ensuring that a criminal background check and child abuse registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and child abuse registry check are conducted for each member of the governing board of the charter school.

12. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, RSMo, in any entity employed by or contracting with the board. No board member shall be an employee of a company that provides substantial

services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450, RSMo, for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489, RSMo.

13. A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.420 and 167.349, RSMo. **If at any time the sponsor of a charter school has reason to believe that funds are being misappropriated, the sponsor shall notify the department of elementary and secondary education.**

14. The state board of education shall ensure each sponsor is in compliance with all requirements under sections 160.400 to 160.420 and 167.349, RSMo, for each charter school sponsored by any sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board, after a public hearing, may require remedial action for a sponsor that it finds has not fulfilled its obligations of sponsorship, such remedial actions including withholding the sponsor's funding and suspending for a period of up to one year the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school. If the state board removes the authority to sponsor a currently operating charter school, the state board shall become the interim sponsor of the school for a period of up to three years until the school finds a new sponsor or until the charter contract period lapses.

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the

school board of the district in which the charter school is to be located and to the state board of education, within five business days of the date the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall include a mission statement for the charter school, a description of the charter school's organizational structure and bylaws of the governing body, which will be responsible for the policy and operational decisions of the charter school, a financial plan for the first three years of operation of the charter school including provisions for annual audits, a description of the charter school's policy for securing personnel services, its personnel policies, personnel qualifications, and professional development plan, a description of the grades or ages of students being served, the school's calendar of operation, which shall include at least the equivalent of a full school term as defined in section 160.011, and an outline of criteria specified in this section designed to measure the effectiveness of the school. The charter shall also state:

(1) The educational goals and objectives to be achieved by the charter school;

(2) A description of the charter school's educational program and curriculum;

(3) The term of the charter, which shall be not less than five years, nor greater than ten years and shall be renewable;

(4) A description of the charter school's pupil performance standards, which must meet the requirements of subdivision (6) of subsection 5 of this section. The charter school program must be designed to enable each pupil to achieve such standards;

(5) A description of the governance and operation of the charter school, including the nature and extent of parental, professional

educator, and community involvement in the governance and operation of the charter school; and

(6) A description of the charter school's policies on student discipline and student admission, which shall include a statement, where applicable, of the validity of attendance of students who do not reside in the district but who may be eligible to attend under the terms of judicial settlements.

2. Proposed charters shall be subject to the following requirements:

(1) A charter may be approved when the sponsor determines that the requirements of this section are met and determines that the applicant is sufficiently qualified to operate a charter school. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(2) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(3) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in

which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(4) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a “high-risk” student is one who is at least one year behind in satisfactory completion of course work or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, is eligible for free or reduced-price school lunch, or has been referred by the school district for enrollment in an alternative program. “Dropout” shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding that the application meets the requirements of sections 160.400 to 160.420 and section 167.439, RSMo, and a monitoring plan under which the charter sponsor will evaluate the academic performance of students enrolled in the charter school. The state board of education may, within sixty days, disapprove the granting of the charter. The state board of education may disapprove a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.420 and section 167.349, RSMo, or that a charter sponsor previously failed

to meet the statutory responsibilities of a charter sponsor.

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, RSMo, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, RSMo, academic assessment under section 160.518, transmittal of school records under section 167.020, RSMo, and the minimum number of school days and hours required under section 160.041;

(3) Except as provided in sections 160.400 to 160.420, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, RSMo, provided that the annual financial report may be published on the department of elementary and secondary education's Internet web site in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies. For purposes of an audit

by petition under section 29.230, RSMo, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed high risk or alternative charter schools, sponsors shall approve performance measures based on mission,

curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a high risk or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

(7) Assure that the needs of special education children are met in compliance with all applicable federal and state laws and regulations;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or disapproval by the sponsor, specifically addressing the requirements of sections 160.400 to 160.420 and 167.349, RSMo.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and

staff of the charter school shall jointly review the school's performance, management and operations at least once every two years or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency [for the sole purpose of seeking direct access to federal grants]. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. (1) A sponsor may revoke a charter at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.420 and 167.349, RSMo, within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for

the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. [Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.]

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

8. A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.420 and 167.349, RSMo. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.420 and 167.349, RSMo, in a timely manner to its sponsor.

9. A school district may enter into a lease with a charter school for physical facilities.

10. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district

because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, “unlawful reprisal” means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

11. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756, RSMo.

12. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035, RSMo.

13. [The chief financial officer of a charter school shall] **A sponsor may require a charter school to maintain [a] surety [bond] or fidelity bonds in an amount determined by the sponsor to be adequate [based on the cash flow] to protect the creditors of the school.**

14. Within six months of the granting of a school's charter, and annually thereafter, the department of elementary and secondary education shall perform a core data audit. A core data audit shall be an analysis of the data provided under section 160.415, which is used to determine reimbursement by a school district to a charter school, for accuracy of the data and of the reimbursement.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, RSMo, pupils enrolled in a charter school shall be included in the pupil enrollment of the

school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011, RSMo, plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this

subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060, RSMo.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011, RSMo, plus all other state aid attributable to such pupils. If a charter school declares itself as a local education agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a

charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536, RSMo. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school district shall provide the special services provided pursuant to section 162.705, RSMo, and may provide the special services pursuant to a contract with a school district or any provider of such services.

10. A charter school may not charge tuition, nor may it impose fees that a school district is prohibited from imposing.

11. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355, RSMo.

12. The chief executive officer, or his or her representative, of any charter school that ceases to function as a charter school, whether by expiration, revocation, or termination of the school's charter, or for any other cause, shall:

(1) Provide notice to the department of elementary and secondary education, the charter school sponsor, and the school district in which the charter school is physically located that the charter school will discontinue operations as a charter school. Such notice shall be provided within fifteen days of the chief executive officer's attaining it; and

(2) Prepare an audit covering the close of operations as a public charter school as requested by the sponsor or the department of

elementary and secondary education, within the time specified in the request, which shall serve the requirement of section 160.410. The public charter school shall dispose of all remaining funds only pursuant to its articles of incorporation, by transferring the funds to a public benefit corporation authorized under state law or shall remit any fund balances accrued from state or local tax revenues to the department within forty-five days of closing.

13. Charter schools shall not have the power to acquire property by eminent domain.

[13.] **14.** The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.420. 1. Any school district in which charter schools may be established under sections 160.400 to 160.420 shall establish a uniform policy which provides that if a charter school offers to retain the services of an employee of a school district, and the employee accepts a position at the charter school, an employee at the employee's option may remain an employee of the district and the charter school shall pay to the district the district's full costs of salary and benefits provided to the employee. The district's policy shall provide that any teacher who accepts a position at a charter school and opts to remain an employee of the district retains such teacher's permanent teacher status and retains such teacher's seniority rights in the district for three years. The school district shall not be liable for any such employee's acts while an employee of the charter school.

2. A charter school may employ noncertificated instructional personnel; provided that no more than twenty percent of the full-time equivalent instructional staff positions at the school are filled by noncertificated personnel. All

noncertificated instructional personnel shall be supervised by certificated instructional personnel. A charter school that has a foreign language immersion experience as its chief educational mission, as stated in its charter, shall not be subject to the twenty-percent requirement of this subsection but shall ensure that any teachers whose duties include instruction given in a foreign language have current valid credentials in the country in which such teacher received his or her training and shall remain subject to the remaining requirements of this subsection. The charter school shall ensure that all instructional employees of the charter school have experience, training and skills appropriate to the instructional duties of the employee, and the charter school shall ensure that a criminal background check and child abuse registry check are conducted for each employee of the charter school prior to the hiring of the employee. The charter school may not employ instructional personnel whose certificate of license to teach has been revoked or is currently suspended by the state board of education. SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1030, 1033, 1146, 1225 and 1326, Page 127, Section 162.441, Line

27, by inserting immediately after said line the following:

“163.011. As used in this chapter unless the context requires otherwise:

(1) “Adjusted operating levy”, the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011, RSMo;

(2) “Average daily attendance”, the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. “Full-time equivalent average daily attendance of summer school students” shall be computed by dividing the total number of hours attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) “Current operating expenditures”:

(a) For the fiscal year 2007 calculation, “current operating expenditures” shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo; the vocational education entitlement for the district, as provided for in section 167.332, RSMo; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) “District's tax rate ceiling”, the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) “Dollar value modifier”, an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) “County wage per job”, the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the city of St. Louis as reported by the Bureau of Economic Analysis of the United States

Department of Commerce for the fourth year preceding the payment year;

(b) “Regional wage per job”:

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the city of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, the

number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations;

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) “Limited English proficiency threshold” shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the

bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, RSMo, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080, RSMo, except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, “local effort” shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines **or less any decrease in the amount received for school purposes from fines**

in any school district located entirely within any county with a charter form of government and with more than two hundred fifty thousand but fewer than three hundred fifty thousand inhabitants that creates a county municipal court after January 1, 2006. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in calculation outlined in paragraph (a) of this subdivision;

(11) “Membership” shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils.

“Full-time equivalent number of part-time students” is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. “Full-time equivalent number of summer school pupils” is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) “Operating levy for school purposes”, the

sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) "Performance district", any district that has met all performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092, RSMo, and as reported on the final annual performance report for that district each year;

(14) "Performance levy", three dollars and forty-three cents;

(15) "School purposes" pertains to teachers' and incidental funds;

(16) "Special education pupil count", the number of public school students with a current individualized education program and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) "Special education threshold" shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per

average daily attendance, by the total average daily attendance of all included performance districts;

(18) "State adequacy target", the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations;

(19) "Teacher", any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) "Weighted average daily attendance", the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, and plus the product of

six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

(b) If a school district experiences a decrease in summer school average daily attendance of

more than fifteen percent from the district's 2005-06 summer school average daily attendance in any year governed by this subsection, an amount equal to the product of the percent reduction in the district's summer school average daily attendance multiplied by the funds generated by the district's summer school program in the 2005-06 school year shall be subtracted from the district's current year payment amount.

(c) If a school district experiences a decrease in its gifted program enrollment of more than twenty percent from its 2005-06 gifted program enrollment in any year governed by this subsection, an amount equal to the product of the percent reduction in the district's gifted program enrollment multiplied by the funds generated by the district's gifted program in the 2005-06 school year shall be subtracted from the district's current year payment amount.

7. If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant

to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Let us leave it to them to determine our hits and misses but for us we have desired to serve and to follow the paths You have laid open before us. Let us know Your joy from our serving and let our pleasure be in knowing we have done our best in following Your lead. In Your Holy Name we pray. Amen.

Amend House Amendment No. 5 to House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 894, Page 1, Line 9, by inserting after all of said Line the following:

“Further amend said bill, Page 4, Section 163.021, Line 1, by inserting immediately preceding all of said Line the following:

“163.011. As used in this chapter unless the context requires otherwise:

(1) “Adjusted operating levy”, the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to

section 164.011, RSMo;

(2) “Average daily attendance”, the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. “Full-time equivalent average daily attendance of summer school students” shall be computed by dividing the total number of hours attended by [all] **only those summer school pupils who are attending summer school classes in the core academic areas of communication arts, mathematics, science, and social studies** by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) “Current operating expenditures”:

(a) For the fiscal year 2007 calculation, “current operating expenditures” shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital

outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo; the vocational education entitlement for the district, as provided for in section 167.332, RSMo; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) “District's tax rate ceiling”, the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) “Dollar value modifier”, an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) “County wage per job”, the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the city of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) “Regional wage per job”:

a. The total Missouri wage and salary

disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the city of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the

department in accordance with applicable federal regulations;

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) “Limited English proficiency threshold” shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily

attendance, by the total average daily attendance of all included performance districts;

(10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, RSMo, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080, RSMo, except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, “local effort” shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized

in calculation outlined in paragraph (a) of this subdivision;

(11) “Membership” shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils.

“Full-time equivalent number of part-time students” is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. “Full-time equivalent number of summer school pupils” is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) “Operating levy for school purposes”, the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) “Performance district”, any district that has met all performance standards and indicators

as established by the department of elementary and secondary education for purposes of accreditation under section 161.092, RSMo, and as reported on the final annual performance report for that district each year;

(14) “Performance levy”, three dollars and forty-three cents;

(15) “School purposes” pertains to teachers' and incidental funds;

(16) “Special education pupil count”, the number of public school students with a current individualized education program and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily

attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations;

(19) “Teacher”, any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) “Weighted average daily attendance”, the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, and plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds

the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

attendance of summer school students. “Full-time equivalent average daily attendance of summer school students” shall be computed by dividing the total number of hours attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. (10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in

(a) The number of resident full-time students

and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils.

“Full-time equivalent number of part-time students” is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. “Full-time equivalent number of summer school pupils” is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) “Operating levy for school purposes”, the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall

never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. For special districts established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the

limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.”; and

the following:

“163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

“Section 1. 1. Every contractor or other employer working on a public works project in this state shall require each newly hired independent contractor to fill out a federal W-9 form. Copies of the forms shall be forwarded to the department of revenue within thirty days from the hiring of each independent contractor.

2. Any contractor or other employer working on a public works project in this state shall not, in an attempt to avoid tax liability or reporting requirements for any employee, avoid payments to the unemployment compensation fund under chapter 288, RSMo, or avoid payments to the second injury fund under chapter 287, RSMo, denote or treat such employee as an independent contractor, contract labor, or any other term or category implying the absence of an employment relationship.

3. Any interested party, including a bidder, contractor, subcontractor or any person employed on a public works project, or the department of revenue may, upon reasonable suspicion that any contractor or subcontractor is currently or has misclassified employees as independent contractors, file a complaint with the labor and industrial relations commission alleging a violation of this section.

4. Upon receiving such a complaint, the labor and industrial relations commission shall investigate each claim for a determination of a violation of this section. In determining whether

there was a violation of this section, the commission shall compel each contractor or subcontractor to provide records documenting each independent contractor's job title, a description of the work performed on the project and the number of hours the individual in question has worked on the project. Within sixty days of receiving a complaint under this section, the commission shall conduct a hearing to determine a violation of this section. At the hearing, there shall be a rebuttable presumption that any independent contractor who has logged two thousand eighty hours on the project has been misclassified as an independent contractor. This presumption may be rebutted if the employer establishes by a preponderance of the evidence that the independent contractor in question was properly classified. The commission shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents. Subpoenas may be signed by any member of the commission. In case of failure to obey a subpoena, and upon application by the commission, any judge of a court of competent jurisdiction of the state in which the commission is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt.

5. Either party may appeal the commission's finding to the circuit court of Cole County.

6. Any such contractor or other employer who misclassifies an employee as an independent contractor or otherwise misclassifies the employee's employment status shall be fined an amount equal to twice the amount of tax otherwise due on the employee's

taxable wages, payments otherwise due to the unemployment compensation fund under chapter 288, RSMo, and payments otherwise due to the second injury fund under chapter 287, RSMo, to be paid to the department of labor.

7. No such contractor or other employer shall terminate or in any manner discriminate against an employee because the employee has communicated to the employer the intent to seek reclassification as an employee instead of an independent contractor or has communicated the intent to file an action alleging a violation of this section.

8. The director of revenue is authorized to take all necessary action to enforce the provisions of this section, including, but not limited to, taking all actions necessary to collect the fines and taxes due under this section. The director of revenue shall direct to the unemployment compensation fund and to the second injury fund amounts that are collected for payments due to those funds.”; and

SECOND REGULAR SESSION

SEVENTY-FIRST DAY—THURSDAY, MAY 11, 2006

“So then you are no longer strangers and aliens, but you are citizens with the saints and also members of the household of God.” (Ephesians 2:19)

Merciful Father, with the pressures of time running against us and much to be accomplished, some begin to feel You are far away; but Your word teaches us that we are members of Your family and have access to You by faith into this grace You provide for us everyday. Help us be free to cast our burdens on You and trust that You will point us in the right direction and sustain us and lift us up to go on and finish the course laid out for us in a sure and certain hope that You are with us every step of the way. In Your Holy Name we pray. Amen.

intersectional references accordingly.

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Bill No. 805, Section 67.2510, Page 7, Line 14 by inserting after all of said line the following:

“94.950. 1. As used in this section, “museum” means museums operating or to be built in the city and that are registered with the United States Internal Revenue Service as a 501(c)(3) corporation, or an organization that is registered with the United States Internal Revenue Service as a 501(c)(3) corporation and that develops, promotes, or operates historical locations or preservation sites.

2. The governing body of any home rule city with more than forty-five thousand five hundred but fewer than forty-five thousand nine hundred inhabitants and partially located in any county of the first classification with more than one hundred four thousand six hundred but fewer than one hundred four thousand seven hundred inhabitants may impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144, RSMo. The tax authorized in this section shall not exceed one-half of one percent, and shall be imposed solely for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section.

3. The ballot of submission for the tax authorized in this section shall be in

substantially the following form:

Shall (insert the name of the city) impose a sales tax at a rate of (insert rate of percent) percent, solely for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism?

☐ YES ☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

4. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the “Local Option Museum Sales Tax Trust Fund”, and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the trust fund

which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the trust fund during the preceding month to the city that levied the sales tax.

5. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

6. All applicable provisions in sections 144.010 to 144.524, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of

the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525, RSMo.

7. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

9. If the tax is repealed or terminated by any means, all funds remaining in the trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one

year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible personal property and materials incorporated into or consumed in the construction of the project, due to the failure of the exempt entity to revise the certificate expiration date as necessary to complete any work required by the contract. If it is determined that tax is owed on such property and materials due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity shall be liable for the tax owed.

6. If an entity issues exemption certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of its project and such entity is found not to have had the authority granted by this section to issue such exemption certificates, then such entity shall be liable for the tax owed on such

personal property and materials. In addition, if an entity which does have the authority granted by this section to issue exemption certificates issues such certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of a project, or part of a project, which is found not to be related to such entity's exempt functions and activities, then such entity shall be liable for the tax owed on such personal property and materials.”; and

Shall (insert the name of the county) impose a sales tax at a rate of (insert rate of percent) percent, with half of the revenue from the tax to be used solely to fund senior services provided by the county and half of the revenue from the tax to be used solely to fund youth programs provided by the county?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following the approval of the tax or notification to the department of revenue if such tax will be administered by the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county which imposed the tax may adopt one of the two following provisions for the collection and administration of the tax:

(1) The county may adopt rules for the

internal collection of such tax by the county officers usually responsible for collection and administration of county taxes; or

(2) The county may enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. In the event the county enters into an agreement with the director of revenue for the collection of the tax, on or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Senior Services and Youth Programs Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county may authorize the use of a bracket system similar to that

authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.524, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of

the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525, RSMo.

6. The governing body of any county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the county) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of funding senior services and youth programs provided by the county?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting

thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county and close the account of that county. The director shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Each county imposing the tax authorized in this section shall establish a senior services tax commission to administer the portion of the sales tax revenue dedicated to providing senior services. Such commission shall consist of seven members appointed by the county commission. The county commission shall determine the qualifications, terms of office, compensation, powers, duties, restrictions, procedures, and all other necessary functions of the commission.”; and

HOUSE AMENDMENT NO. 10

Amend House Committee Substitute for Senate Bill No. 805, Page 9, Section 135.610, Line 54, by inserting after all of said line the following:

“137.055. 1. After the assessor's book of each county, except in the city of St. Louis and any county with a charter form of government and with more than one million inhabitants, shall be corrected and adjusted according to law, but not later than September twentieth, of each year, the county governing body shall ascertain the sum necessary to be raised for county purposes, and fix the rate of taxes on the several subjects of taxation so as to raise the required sum, and the same to be entered in the proper columns in the tax book. In any county with a charter form of government and with more than one million inhabitants, the

rate of taxes shall be fixed under this subsection no later than October twentieth of each year.

2. Prior to fixing the rate of taxes, as provided in this section, the county governing body shall hold a public hearing on the proposed rate of taxes. A notice stating the time and place for the hearing shall be published in at least one newspaper qualified under the laws of Missouri of general circulation in the county at least seven days prior to the date of the hearing. The notice shall include the aggregate assessed valuation by category of real, total personal and other tangible property in the county as entered in the tax book for the fiscal year for which the tax is to be levied, the aggregate assessed valuation by category of real, total personal and other tangible property in the county for the preceding taxable year, the required sums to be raised from the property tax for each purpose for which the county levies taxes as approved in the budget adopted under chapter 50, RSMo, and the proposed rate of taxes which will produce substantially the same revenues as required by the budget. Failure of any taxpayer to appear at said hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this subsection absolves county governing bodies of responsibilities under section 137.073 nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.”; and

Further amend said bill, Page 9, Section 135.610, Line 54, by inserting after all of said line the following:

“137.079. **1.** Prior to setting its rate or rates as required by section 137.073, each taxing authority shall exclude from its total assessed valuation seventy-two percent of the total amount of assessed value of business personal property that is the subject of an appeal at the state tax commission or in a court of competent jurisdiction in this state. This exclusion shall only apply to the portion of the assessed value of business personal property that is disputed in the appeal, and shall not exclude

The state tax commission shall provide each taxing authority with the total assessed value of business personal property within the jurisdiction of such taxing authority for which an appeal is pending no later than August twentieth of each year, **except as provided in subsection 2 of this section.** Whenever any appeal is resolved, whether by final adjudication or settlement, and the result of the appeal causes money to be paid to the taxing authority, the taxing authority shall not be required to make an additional adjustment to its rate or rates due to such payment once the deadline for setting its rates, as provided by this chapter, has passed in a taxable year, but shall adjust its rate or rates due to such payment in the next rate setting cycle to offset the payment in the next taxable year. For the purposes of this section, the term “business personal property”, means tangible personal property which is used in a trade or business or used for production of income and which has a determinable life of longer than one year except that supplies used by a business shall also be considered business personal property, but shall not include livestock, farm machinery, property subject to the motor vehicle registration provisions of chapter 301, RSMo, property subject to the tables provided in section 137.078, the property of rural electric cooperatives under chapter 394, RSMo, or property assessed by the state tax commission under chapters 151, 153, and 155, RSMo, section 137.022, and sections 137.1000 to 137.1030.

2. Further amend said bill, Page 33, Section 144.440, Line 18, by inserting after all of said line the following:

2. Except as provided in subsection 3 of this section, the school board of each district shall forward the estimate to the county clerk on or before September first. Furthermore, except that the tax rate set in the capital projects fund shall not require the reduction of the equalized combined tax rates for the teachers' and incidental funds to be less than the greater of the minimum operating levy for the current year for school purposes established under subsection 2 of section 163.021, RSMo, or the 1993 tax rate as used for state aid purposes in section 163.031, RSMo, plus that portion of the full amount of any voter-approved increase in the tax rate ceiling as defined in section 137.073, RSMo, approved after the first day of January, 1994, and before the thirtieth day of March, 1994, as levied in the current year, in any school district

(2) Subdivision (1) of this subsection shall apply to each district which satisfies all of the following criteria:

Further amend said bill, Section 55.190, Page 2, Line 13, by inserting after said section the following:

“67.110. 1. Each political subdivision in the state, except counties, shall fix its ad valorem property tax rates as provided in this section not later than September first for entry in the tax books. Before the governing body of each political subdivision of the state, except counties, as defined in section 70.120, RSMo, fixes its rate of taxation, its budget officer shall present to its governing

body the following information for each tax rate to be levied: The assessed valuation by category of real, personal and other tangible property in the political subdivision as entered in the tax book for the fiscal year for which the tax is to be levied, as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivisions for the preceding taxable year, the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rate proposed to be set. Should any political subdivision whose taxes are collected by the county collector of revenue fail to fix its ad valorem property tax rate by September first, then no tax rate other than the rate, if any, necessary to pay the interest and principal on any outstanding bonds shall be certified for that year.

2. The governing body shall hold at least one public hearing on the proposed rates of taxes at which citizens may be heard prior to their approval. The governing body shall determine the time and place for such hearing. A notice stating the hour, date and place of the hearing shall be published in at least one newspaper qualified under the laws of the state of Missouri of general circulation in the county within which all or the largest portion of the political subdivision is situated, or such notice shall be posted in at least three public places within the political subdivision; except that, in any county of the first class having a charter form of government, such notice may be published in a newspaper of general circulation within the political subdivision even though such newspaper is not qualified under the laws of Missouri for other legal notices. Such notice shall be published or posted at least seven days prior to the date of the hearing. The notice shall include the assessed valuation by category of real, personal and other tangible property in the political subdivision for the fiscal year for which the tax is to be levied as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by

category of real, personal and other tangible property in the political subdivision for the preceding taxable year, for each rate to be levied the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rates proposed to be set for the various purposes of taxation. The tax rates shall be calculated to produce substantially the same revenues as required in the annual budget adopted as provided in this chapter. Following the hearing the governing body of each political subdivision shall fix the rates of taxes, the same to be entered in the tax book. Failure of any taxpayer to appear at such hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this section absolves political subdivisions of responsibilities under section 137.073, RSMo, nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.

3. Each political subdivision of the state shall fix its property tax rates in the manner provided in this section for each fiscal year which begins after December 31, 1976. New or increased tax rates for political subdivisions whose taxes are collected by the county collector approved by voters after September first of any year shall not be included in that year's tax levy except for any new tax rate ceiling approved pursuant to section 71.800, RSMo.

4. In addition to the information required under subsections 1 and 2 of this section, each political subdivision shall also include the increase in tax revenue due to an increase in assessed value as a result of new construction and improvement and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted.”; and

Further amend said bill, Section 135.610, Page 9, Line 54, by inserting after said section the

following:

After the assessor's book of each county, except in the city of St. Louis, shall be corrected and adjusted according to law, but not later than September twentieth, of each year, the county governing body shall ascertain the sum necessary to be raised for county purposes, and fix the rate of taxes on the several subjects of taxation so as to raise the required sum, and the same to be entered in the proper columns in the tax book.

2. Prior to fixing the rate of taxes, as provided in this section, the county governing body shall hold a public hearing on the proposed rate of taxes. A notice stating the time and place for the hearing shall be published in at least one newspaper qualified under the laws of Missouri of general circulation in the county at least seven days prior to the date of the hearing. The notice shall include the aggregate assessed valuation by category of real, total personal and other tangible property in the county as entered in the tax book for the fiscal year for which the tax is to be levied, the aggregate assessed valuation by category of real, total personal and other tangible property in the county for the preceding taxable year, the required sums to be raised from the property tax for each purpose for which the county levies taxes as approved in the budget adopted under chapter 50, RSMo, [and] the proposed rate of taxes which will produce substantially the same revenues as required by the budget, **and the increase in tax revenue realized due to an increase in assessed value as a result of new construction and improvement, and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted.** Failure of any taxpayer to appear at said hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this subsection absolves county governing bodies of responsibilities under section 137.073 nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax

(2) To require from any officer in this state, on forms prescribed by the commission, such annual or other reports as shall enable said commission to ascertain the assessed and equalized value of all real and tangible property listed for taxation, the amount of taxes assessed, collected and returned, and such other matter as the commission may require, to the end that it may have complete information concerning the entire subject of revenue and taxation and all matters and things incidental thereto;

(3) To cause to be placed upon the assessment rolls at any time during the year omitted property which may be discovered to have, for any reason, escaped assessment and taxation, and to correct any errors that may be found on the assessment rolls and to cause the proper entry to be made thereon;

[138.395. The state tax commission shall notify each school district of the equivalent sales ratio for the previous year adopted for determining the equalized assessed valuation of the property and the equalized operating levy of the school district for distributions of school foundation formula funds at least thirty days prior to the certification of such ratio to the department of elementary and secondary education, and shall provide the school district an opportunity for a meeting with the commission, or a duly authorized agent thereof, on such ratio prior to such certification. Prior to January 1, 1997, in certifying said ratios to the department of elementary and secondary education, the commission shall certify all ratios at thirty-three and one-third percent. On and after January 1, 1997, in certifying such ratios to the department of elementary and secondary education, the commission shall certify all ratios higher than thirty-one and two-thirds percent at thirty-three and one-third percent. On and after January 1, 1998, if the state tax commission, after performing the computation of equivalent sales ratio for

the county and recomputing such computation to ensure accuracy, finds that such equivalent sales ratio for the county is less than or equal to thirty-one and two-thirds percent, the state tax commission shall reduce the county's reimbursement by fifteen percent the following year if it is not corrected by subsequent action of the state tax commission.]"; and

(3) An analysis of the costs and benefits of the project on each school district, junior college district, county, or city; and

(4) Identification of any payments in lieu of taxes expected to be made by any lessee of the project, and the disposition of any such payments by the municipality.

3. If the plan for the project is approved after August 28, 2003, any payments in lieu of taxes expected to be made by any lessee of the project shall be applied in accordance with this section. The lessee may reimburse the municipality for its actual costs of issuing the bonds and administering the plan. All amounts paid in excess of such actual costs shall, immediately upon receipt thereof, be disbursed by the municipality's treasurer or other financial officer to each school district, junior college district, county, or city in proportion to the current ad valorem tax levy of each school district, junior college district, county, or city; however, in any county of the first classification with more than ninety-three thousand eight hundred but fewer than ninety-three thousand nine hundred inhabitants, **or any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants**, if the plan for the project is approved after May 15, 2005, such amounts shall be disbursed by the municipality's treasurer or

other financial officer to each affected taxing entity in proportion to the current ad valorem tax levy of each affected taxing entity.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 20

Amend House Committee Substitute for Senate Bill No. 805, Page 21, Section 142.816, Line 12, by inserting after all of said line the following:

“143.431. 1. The Missouri taxable income of a corporation taxable under sections 143.011 to 143.996 shall be so much of its federal taxable income for the taxable year, with the modifications specified in subsections 2 to 4 of this section, as is derived from sources within Missouri as provided in section 143.451. The tax of a corporation shall be computed on its Missouri taxable income at the rates provided in section 143.071.

2. There shall be added to or subtracted from federal taxable income the modifications to adjusted gross income provided in section 143.121 and the applicable modifications to itemized deductions provided in section 143.141. There shall be subtracted the federal income tax deduction provided in section 143.171. There shall be subtracted, to the extent included in federal taxable income, corporate dividends from sources within Missouri.

3. (1) If an affiliated group of corporations files a consolidated income tax return for the taxable year for federal income tax purposes [and fifty percent or more of its income is derived from sources within this state as determined in accordance with section 143.451,] then it may elect to file a Missouri consolidated income tax return. The federal consolidated taxable income of the electing affiliated group for the taxable year shall be its federal taxable income.

(2) So long as a federal consolidated income tax return is filed, an election made by an affiliated

group of corporations to file a Missouri consolidated income tax return may be withdrawn or revoked only upon substantial change in the law or regulations adversely changing tax liability under this chapter, or with permission of the director of revenue upon the showing of good cause for such action. After such a withdrawal or revocation with respect to an affiliated group, it may not file a Missouri consolidated income tax return for five years thereafter, except with the approval of the director of revenue, and subject to such terms and conditions as he may prescribe.

(3) No corporation which is part of an affiliated group of corporations filing a Missouri consolidated income tax return shall be required to file a separate Missouri corporate income tax return for the taxable year.

(4) For each taxable year an affiliated group of corporations filing a federal consolidated income tax return does not file a Missouri consolidated income tax return, for purposes of computing the Missouri income tax, the federal taxable income of each member of the affiliated group shall be determined as if a separate federal income tax return had been filed by each such member.

(5) The director of revenue may prescribe such regulations not inconsistent with the provisions of this chapter as he may deem necessary in order that the tax liability of any affiliated group of corporations making a Missouri consolidated income tax return, and of each corporation in the group, before, during, and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the Missouri taxable income derived from sources within this state and in order to prevent avoidance of such tax liability.

4. [If a net operating loss deduction is allowed for the taxable year, there shall be added to federal taxable income the amount of the net operating loss modification for each loss year as to which a portion of the net operating loss deduction

is attributable.] **(1) It is the intention of operating loss shall be required to pay Missouri income tax based on Missouri additions to federal taxable income to the extent that such available and unused federal net operating losses exceed such Missouri additions. There shall be no tax due under sections 143.011 to 143.996, to the extent that the amount of any available unused federal net operating loss exceeds Missouri additions to federal taxable income in any tax year. In addition, no person shall effectively be denied an otherwise allowable depreciation deduction under the provisions of sections 143.011 to 143.996 over the life of any asset as a result of the addition adjustment to federal taxable income required by section by section 143.121. For all tax years ending on or after July 1, 2002, federal taxable income may be a positive or negative amount. Federal taxable income shall be adjusted by the amount of any available federal net operating loss carry forward or carry back, as modified by this section, such that any available loss may offset a net addition modification as set forth herein. As used in this subsection, the following terms mean:**

[**(1) “Loss year”, the taxable year in which there occurs a federal net operating loss that is carried back or carried forward in whole or in part to another taxable year;**

(2)] (a) “Net addition modification”, for any taxable year, the amount by which the sum of all required additions to federal taxable income provided in this chapter, except for the net operating loss modification, exceeds the combined sum of the amount of all required subtractions from federal taxable income provided in this chapter;

(3) “Net operating loss deduction”, a net operating loss deduction allowed for federal income tax purposes under Section 172 of the Internal Revenue Code of 1986, as amended, or a net operating loss deduction allowed for Missouri income tax purposes under paragraph (d) of

subsection 2 of section 143.121, but not including any net operating loss deduction that is allowed for federal income tax purposes but disallowed for Missouri income tax purposes under paragraph (d) of subsection 2 of section 143.121;

(4)] (b) “Net operating loss modification”, [an amount equal to the lesser of the amount of the net operating loss deduction attributable to that loss year or the amount by which the total net operating loss in the loss year is less than the sum of:

(a) The net addition modification for that loss year; and

(b) The cumulative net operating loss deductions attributable to that loss year allowed for the taxable year and all prior taxable years.] the amount of net operating loss deduction utilized as an offset against a net addition modification or the amount of any net subtraction modification as limited by subdivision (2) of this subsection.

(c) “Net subtraction modification”, for any taxable year, the amount by which the sum of all required subtractions from federal taxable income provided in this chapter, except for the net operating loss modification, exceeds the combined sum of the amount of all required additions to federal taxable income provided by this chapter;

(d) “Available net operating loss,” the amount of federal net operating loss that may be carried to the tax year for use as an offset in determining Missouri taxable income, as adjusted by the net operating loss modification.

(2) For property purchase on or after July 1, 2002, but before July 1, 2003, Sections 143.121 (2)(c) and 143.121(3)(g) are specifically intended to allow for the deduction of depreciation expense pursuant to Section 168 of the Internal Revenue Code of 1986, as in effect on January 1, 2002. Where a subtraction modification under 143.121(3)(g) contributes to creation of a net subtraction modification, the

amount of the net subtraction modification shall be added to the amount of the available net operating loss. This adjustment shall be limited to the lesser of the amount of the net subtraction modification or the amount of the subtraction modification required by Section 143.121(3)(g).

(3) The amount of available net operating loss will be established and maintained for each tax year in which a federal net operating loss occurred. Net operating loss modifications will be made to amounts carried from any individual loss year in the order allowed under Section 143.121 (2)(d).

5. [For all tax years ending on or after July 1, 2002, federal taxable income may be a positive or negative amount.] Subsection 4 of this section shall be effective for all tax years with a net operating loss deduction attributable to a loss year ending on or after July 1, 2002, and the net operating loss modification shall only apply to loss years ending on or after July 1, 2002.”; and

Further amend said bill by amending the title and enacting clauses accordingly.

HOUSE AMENDMENT NO. 21

Amend House Committee Substitute for Senate Bill No. 805, Page 10, Section 139.031, Line 1, by inserting after “taxpayer,” the following:

“upon total payment of the current tax bill”

HOUSE AMENDMENT NO. 23

Amend House Committee Substitute for Senate Bill No. 805, Page 7, Section 67.2510, Line 14, by inserting after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all

real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in

section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and

the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following [percents] **percentages** of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real

property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review

of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a “drive-by inspection” or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. [The provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective January 1, 2003, for any taxing jurisdiction within a county with a charter form of government with greater than one million inhabitants, and the provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective October 1, 2004, for all taxing jurisdictions in this state.] Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, for the next year

of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by this act, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.”; and

Further amend said title, enacting clause and intersectional references accordingly.

“and sections 163.011 and 163.031 as enacted by conference committee substitute for house committee substitute for senate substitute for senate committee substitute for senate bill no. 287, ninety-third general assembly, first regular session,”; and

Further amend said bill, Page 13, Section 105.711, Line 217, by inserting after all of said line the following:

“163.011. As used in this chapter unless the context requires otherwise:

(1) “Adjusted operating levy”, the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011, RSMo;

(2) “Average daily attendance”, the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily

attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) "Current operating expenditures":

(a) For the fiscal year 2007 calculation, "current operating expenditures" shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo; the vocational education entitlement for the district, as provided for in section 167.332, RSMo; and payments from other

districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) "District's tax rate ceiling", the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) "Dollar value modifier", an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) "County wage per job", the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the city of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) "Regional wage per job":

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the city of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that

are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations;

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the

total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) “Limited English proficiency threshold” shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount

received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, RSMo, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080, RSMo, except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, "local effort" shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines **or less any decrease in the amount received for school purposes from fines in any school district located entirely within any county with a charter form of government and with more than two hundred fifty thousand but fewer than three hundred fifty thousand inhabitants that creates a county municipal court after January 1, 2006.** If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in calculation outlined in paragraph (a) of this subdivision;

(11) "Membership" shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils.

"Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) "Operating levy for school purposes", the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) "Performance district", any district that has met all performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092, RSMo, and as reported on the final annual performance report for that district

each year;

(14) “Performance levy”, three dollars and forty-three cents;

(15) “School purposes” pertains to teachers' and incidental funds;

(16) “Special education pupil count”, the number of public school students with a current individualized education program and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state

adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations;

(19) “Teacher”, any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) “Weighted average daily attendance”, the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, and plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus

the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2006-07 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the sum of one plus the product of one-third multiplied by the remainder of the dollar value modifier minus one, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For the 2007-08 school year, the state

revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the sum of one plus the product of two-thirds multiplied by the remainder of the dollar value modifier minus one, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. (b) If a school district experiences a decrease in summer school average daily attendance of more than fifteen percent from the district's 2005-06 summer school average daily attendance in any year governed by this subsection, an amount equal to the product of the percent reduction in the district's summer school average daily attendance multiplied by the funds generated by the district's summer school program in the 2005-06 school year shall be subtracted from the district's current year payment amount.

(c) If a school district experiences a decrease in its gifted program enrollment of more than twenty percent from its 2005-06 gifted program enrollment in any year governed by this subsection, an amount equal to the product of the

percent reduction in the district's gifted program enrollment multiplied by the funds generated by the district's gifted program in the 2005-06 school year shall be subtracted from the district's current year payment amount.

5. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

7. If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. HOUSE CONCURRENT RESOLUTION NO. 31

Whereas, two of this country's greatest waterways, the Mississippi River on Missouri's eastern border and the Missouri River which winds across the state, helped Missouri become a supply center for many of the westward-bound settlers of the nation's early years; and

Whereas, from the muddy Missouri to the swift and clear Jacks Fork, the hundreds of rivers and streams in Missouri snake across more than 50,000 miles of the state - more than twice the distance around the earth - providing endless recreational opportunities for Missourians, including boating, fishing, swimming, and bird watching along the bluffs bordering our many

rivers and streams; and

Whereas, shipping along the navigable rivers boosted Missouri's status as an agriculture supplier, barges and steamboats used the waterways to move goods, river towns boomed, and railroads continued to fuel the growth of Missouri as a large transportation center; and

Whereas, the Missouri Territory, and later the State of Missouri, took the name of the Missouri River which was named for the Missouri Indians who lived along the banks. The name "Missouri" means "canoe haver"; and

Whereas, the State of Missouri has many nicknames, with the most widely recognized being "The Show-Me State". Missouri is also called the "The Cave State", "The Lead State", "The Bullion State", "The Ozark State", "The Iron Mountain State", and the "Pennsylvania of the West"; and

Whereas, roads along or near both banks of the Mississippi River along its entire length have been designated as "The Great River Road" and are marked with a special road sign which depicts a ship's wheel; and

Whereas, the Great Rivers Greenway District was established in November 2000 in St. Louis City, St. Louis County, and St. Charles County to eventually develop "The River Ring" as an interconnected system of greenways, parks, and trails in the St. Louis area which will enhance the quality of life for residents and visitors; and

Whereas, from confluence of the Big Muddy and the Mighty Mississippi at the eastern portion of the state and looking north, south, or west, the State of Missouri includes the land that Meriwether Lewis and William Clark scanned as they began their journey up the Missouri River on their Voyage of Discovery in 1804, the land that is habitat for deer, turkey, bald eagles, and other wildlife, the land that is farmland abundant with agricultural crops, and the same land that held 260 billion gallons of water during the Great Flood of 1993; and

Whereas, with much of Missouri's history tied to the mighty rivers that flow through it, Missouri should also be known as the "The Great Rivers State":

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby encourage the use of the slogan "The Great Rivers State" as a slogan for the State of Missouri and urge the Division of Tourism within the Department of Economic Development to recognize and incorporate the slogan in promoting Missouri tourism; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for John Robinson, the Director of the Division of Tourism.

In which the concurrence of the Senate is

respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 23**.

HOUSE CONCURRENT RESOLUTION NO. 23

Whereas, the federal No Child Left Behind (NCLB) Act requires states to assess all students in their state's assessment program; and

Whereas, the Act provides for a limited number of students with disabilities to be assessed with an alternate assessment, but only 1% of a school district's tested population may be counted as proficient or above using the alternate assessment; and

Whereas, this limitation results in some special needs students being included in the regular state assessment system when, in fact, their cognitive disabilities are such that they should not be assessed with their age or grade-level peers; and

Whereas, a more appropriate assessment for them might be a test that was developed for use in some grade-level below the grade in which they are classified, but the United States Department of Education regulations governing the implementation of the NCLB Act prohibit this "out of grade-level" testing; and

Whereas, the United States Department of Education has recently allowed for the inclusion of an additional 2% of students with disabilities to be assessed with a modified grade-level assessment, but this additional flexibility still prohibits "out of grade-level" testing; and

Whereas, the Individuals with Disabilities Education Improvement Act (IDEA), which predates the NCLB Act, contains requirements for assessment that must be included in the student's individualized educational program (IEP), which may not meet the requirements of the NCLB Act for assessment and thus may place the IEP team at odds with the overall NCLB assessment process and may create confusion for parents; and

Whereas, certain accommodations written into an IEP, such as reading out loud or paraphrasing, are currently not acceptable for certain assessments under NCLB procedures, thus making the student's performance on the assessment not count for NCLB purposes and denying the student an accommodation that the IEP team has documented as necessary to the child's best chances for a proficient performance; and

Whereas, Secretary Margaret Spellings has shown an admirable flexibility in permitting experimentation with alternative approaches to the NCLB Act while keeping the focus on accountability:

Now, therefore, be it resolved by the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, that the interests of the special needs students of the state would best be served by

reviewing the assessment provisions of IDEA and the NCLB Act together to eliminate contradictory objectives, so that accommodations that are appropriate to a student with an IEP do not invalidate the student's assessment results for the purposes of No Child Left Behind assessments; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Margaret Spellings, Secretary of the United States Department of Education and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

HOUSE AMENDMENT NO. 14

Amend House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1221, Page 29, Section 221.040, Line 7 by inserting after said line the following:

“304.230. 1. It shall be the duty of the sheriff of each county or city to see that the provisions of sections 304.170 to 304.230 are enforced, and any peace officer or police officer of any county or city or any highway patrol officer shall have the power to arrest on sight or upon a warrant any person found violating or having violated the provisions of such sections.

2. The sheriff or any peace officer or any highway patrol officer is hereby given the power to stop any such conveyance or vehicle as above described upon the public highway for the purpose of determining whether such vehicle is loaded in excess of the provisions of sections 304.170 to 304.230, and if he or she finds such vehicle loaded in violation of the provisions thereof he or she

shall have a right at that time and place to cause the excess load to be removed from such vehicle; and provided further, that any regularly employed maintenance man of the department of transportation shall have the right and authority in any part of this state to stop any such conveyance or vehicle upon the public highway for the purpose of determining whether such vehicle is loaded in excess of the provisions of sections 304.170 to 304.230, and if he or she finds such vehicle loaded in violation of the provisions thereof, he or she shall have the right at that time and place to cause the excess load to be removed from such vehicle. When only an axle or tandem axle group of the vehicle traveling on the federal interstate system of highways is overloaded and a court authorized to enforce the provisions of sections 304.170 to 304.230 finds that the overloading was due to the inadvertent shifting of the load changing axle weights in transit through no fault of the operator of the vehicle and that the load thereafter had been shifted so that no axle had been overloaded, then the court may find that no violation has been committed. The operator of any vehicle shall be permitted to back up and reweigh, or to turn around and weigh from the opposite direction. Any operator whose vehicle is weighed and found to be within five percent of any legal limit may request and receive a weight ticket, memorandum or statement showing the weight or weights on each axle or any combinations of axles. Once a vehicle is found to be within the limits of section 304.180 after having been weighed on any state scale and there is no evidence that any cargo or fuel has been added, no violation shall occur, but a presumption shall exist that cargo or fuel has

been added if upon reweighing on another state scale the total gross weight exceeds the applicable limits of section 304.180 or 304.190. The highways and transportation commission of this state may deputize and appoint any number of their regularly employed maintenance men to enforce the provisions of such sections, and the maintenance men delegated and appointed in this section shall report to the proper officers any violations of sections 304.170 to 304.230 for prosecution by such proper officers.

3. The superintendent of the Missouri state highway patrol may assign qualified persons who are not highway patrol officers to supervise or operate permanent or portable weigh stations used in the enforcement of commercial vehicle laws. These persons shall be designated as commercial vehicle inspectors and have limited police powers:

(2) To require the operator of any commercial vehicle to stop and submit to a vehicle and driver inspection to determine compliance with commercial vehicle laws, rules, and regulations, the provisions of sections 303.024 and 303.025, RSMo, and to submit to a cargo inspection when reasonable grounds exist to cause belief that a vehicle is transporting hazardous materials as defined by Title 49 of the Code of Federal Regulations;

(3) To make arrests for violation of

subdivisions (1) and (2) of this subsection. Commercial vehicle inspectors shall not have the authority to exercise the powers granted in subdivisions (1), (2) and (3) of this subsection until they have successfully completed training approved by the superintendent of the Missouri state highway patrol; nor shall they have the right as peace officers to bear arms.

4. The superintendent of the Missouri state highway patrol may appoint qualified persons, who are not members of the highway patrol, designated as commercial vehicle enforcement officers, with the powers:

(1) To issue uniform traffic tickets for violations of laws, rules and regulations pertaining to commercial vehicles, trailers, special mobile equipment and drivers of such vehicles, and the provisions of sections 303.024 and 303.025, RSMo;

(3) To make arrests upon warrants and for violations of subdivisions (1) and (2) of this subsection. **Commercial vehicle officers selected and designated as peace officers by the superintendent of the Missouri state highway patrol are hereby declared to be peace officers of the state of Missouri, with full power and authority to make arrests solely for violations under the powers granted in subdivisions (1) to (3) of this subsection.** Commercial vehicle enforcement officers shall not have the authority to exercise the powers granted in subdivisions (1), (2) and (3) of this subsection until they have successfully completed training approved by the

superintendent of the Missouri state highway patrol **and have completed the mandatory standards for the basic training and licensure of peace officers established by the peace officers standards and training commission under subsection 1 of section 590.030, RSMo. 5. Any additional employees needed for the implementation of this section shall be hired in conformity with the provisions of the federal fair employment and antidiscrimination acts.

6. Any part of this section which shall be construed to be in conflict with the axle or tandem axle load limits permitted by the Federal-Aid Highway Act, Section 127 of Title 23 of the United States Code (Public Law 85-767, 85th Congress) shall be null, void and of no effect.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

However, if such records and documents are used or shared by an agency in a criminal investigation involving an officer, provisions regarding incident reports, investigative reports or other documents covered under this section shall apply.

2. Each law enforcement agency of this state, of any county, and of any municipality shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections 4, 5 and 6 of this section or section 320.083, RSMo, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an

offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections 4, 5, 6 and 7 of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness

or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has

knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

7. The victim of an offense as provided in chapter 566, RSMo, may request that his or her identity be kept confidential until a charge relating to such incident is filed.”; and

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 590, Page 1, Section A, Line 4, by inserting after all of said line the following:

“160.545. 1. There is hereby established within the department of elementary and secondary education the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational

or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the

recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

4. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school

district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

5. For any school year, grants authorized by subsections 1 to 3 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 6 of this section.

6. **Within the limits established in subsection 8 of this section,** the commissioner of education shall, by rule and regulation of the state board of education and with the advice of the coordinating board for higher education, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or **any public or private** vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, except that students who are active duty military dependents who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of

said board.

7. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

8. For private vocational or technical schools to obtain reimbursements under subsection 6 of this section the following requirements must be satisfied:

(1) Such institutions shall both be members of the north central association and be accredited by the higher learning commission as of July 1, 2006, and maintain such accreditation;

(2) Such institutions shall be designated as 501(c)(3) nonprofit organizations under the Internal Revenue Code of 1986, as amended;

(3) No private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such community college; and

(4) The reimbursements provided to private vocational or technical schools shall not violate the provisions of article IX, section 8, or article I, section 7, of the Missouri Constitution or the first amendment of the United States Constitution.”; and

4. The commission is authorized in the name of the state of Missouri to institute and maintain,

through the attorney general, such suits and actions as may be necessary to enforce the provisions of this section. HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 34

Whereas, sport fishing is a great industry, recreation, and occupation in Missouri; and

Whereas, hand fishing, which is also referred to as "noodling", for channel, blue, and flathead catfish is one of the ultimate challenges in the arena of sport fishing; and

Whereas, The United States Fish and Wildlife Service survey in 2001 found that there are approximately 467,000 catfish anglers in Missouri over the age of sixteen and by Missouri law, they can catch five flathead fish 365 days a year or 1,825 flathead fish for each permit sold; and

Whereas, Dr. Mark Morgan at the University of Missouri-Columbia conducted a study and found that there are approximately 2,000 hand fishers in Missouri, who are asking the Missouri Department of Conservation to allow them to hand catch five channel, blue, or flathead catfish in a sixty-day statewide season for each permit sold, which would be 0.000012 percent of the available catch of catfish anglers; and

Whereas, the Missouri Department of Conservation is responsible for all Missouri state fishing and game regulations and should provide hand fishers with appropriate information and regulations; and

Whereas, recognizing and respecting the Research Division of the Missouri Department of Conservation, they should continue balanced research on hand fishing for channel, blue, and flathead catfish; and

Whereas, it is the desire for some sport fishers to participate in hand fishing of channel, blue, and flathead catfish in Missouri; and

Whereas, hand fishing is a legalized sport in 12 States, 5 of which surround Missouri; and

Whereas, the legalization of hand fishing is supported by the Missouri Farm Bureau, the Missouri Farmer's Union, MoFED, and the Missouri Trappers Association:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly encourage the Missouri Department of Conservation to have a regulated statewide hand fishing season for channel, blue, and flathead catfish from June first to July thirty-first beginning in 2007 to allow hand fishers to take five of these fish by hand; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copies of this resolution for the Commissioners of the Missouri Department of Conservation.

4. Subsections 2 and 3 of this section shall not apply to a discount or other reduction in price obtained by a health care provider if the reduction in price is properly disclosed and appropriately reflected in the claim made by the health care provider to the health care payer, or any amount paid by an employer to an employee for employment in the provision of health care.

5. Exceptions to the provisions of subsections 2 and 3 of this subsection shall be provided for as authorized in 42 U.S.C. Section 1320a-7b(3)(E), as may be from time to time amended, and

regulations promulgated pursuant thereto.

6. No person shall knowingly abuse a person receiving health care.

7. A person who violates subsections 1 to [4] 3 of this section is guilty of a class [D] C felony upon his **or her** first conviction, and shall be guilty of a class [C] B felony upon his **or her** second and subsequent convictions, **and any natural person who has been convicted of such violations shall be excluded from participation as a provider for the medical assistance program for ten years.** A prior conviction shall be pleaded and proven as provided by section 558.021, RSMo. A person who violates subsection 6 of this section shall be guilty of a class C felony, unless the act involves no physical, sexual or emotional harm or injury and the value of the property involved is less than five hundred dollars, in which event a violation of subsection 6 of this section is a class A misdemeanor. **No person convicted of a second or subsequent violation of subsections 1 to 3 of this section shall be eligible for parole, probation, conditional release, or suspended imposition or execution of sentence until he or she has served at least eighty-five percent of any term of imprisonment ordered as punishment. In no event shall an individual receive a suspended imposition of sentence for any violation of subsections 1 to 3 of this section that results in a total loss in excess of fifty thousand dollars. If a person receives a suspended imposition of sentence for a violation of subsections 1 to 3 of this section, then such person shall not receive a suspended imposition of sentence for any subsequent violation of subsections 1 to 3 of this section, regardless of the dollar amount of the total loss from such violation.**

8. Any natural person who willfully prevents, obstructs, misleads, delays, or attempts to prevent, obstruct, mislead, or delay the communication of information or records relating to a violation of sections 191.900 to

191.910 shall be guilty of a class D felony, and, upon conviction, shall be excluded from participation as a provider for the medical assistance program for ten years.

[8.] 9. Each separate false statement or false representation of a material fact proscribed by subsection 1 of this section or act proscribed by subsection 2 or 3 of this section shall constitute a separate offense and a separate violation of this section, whether or not made at the same or different times, as part of the same or separate episodes, as part of the same scheme or course of conduct, or as part of the same claim.

[9.] 10. In a prosecution pursuant to subsection 1 of this section, circumstantial evidence may be presented to demonstrate that a false statement or claim was knowingly made. Such evidence of knowledge may include but shall not be limited to the following:

(1) A claim for a health care payment submitted with the health care provider's actual, facsimile, stamped, typewritten or similar signature on the claim for health care payment;

(2) A claim for a health care payment submitted by means of computer billing tapes or other electronic means;

(3) A course of conduct involving other false claims submitted to this or any other health care payer.

[10.] 11. Any person convicted of a violation of this section, in addition to any fines, penalties or sentences imposed by law, shall be required to make restitution to the federal and state governments, in an amount at least equal to that unlawfully paid to or by the person, and shall be required to reimburse the reasonable costs attributable to the investigation and prosecution pursuant to sections 191.900 to 191.910. All of such restitution shall be paid and deposited to the credit of the "Medicaid Fraud Reimbursement Fund", which is hereby established in the state treasury. Moneys in the Medicaid fraud

reimbursement fund shall be divided and appropriated to the federal government and affected state agencies in order to refund moneys falsely obtained from the federal and state governments. All of such cost reimbursements attributable to the investigation and prosecution shall be paid and deposited to the credit of the “Medicaid Fraud Prosecution Revolving Fund”, which is hereby established in the state treasury. Moneys in the Medicaid fraud prosecution revolving fund may be appropriated to the attorney general, or to any prosecuting or circuit attorney who has successfully prosecuted an action for a violation of sections 191.900 to 191.910 and been awarded such costs of prosecution, in order to defray the costs of the attorney general and any such prosecuting or circuit attorney in connection with their duties provided by sections 191.900 to 191.910. No moneys shall be paid into the Medicaid fraud protection revolving fund pursuant to this subsection unless the attorney general or appropriate prosecuting or circuit attorney shall have commenced a prosecution pursuant to this section, and the court finds in its discretion that payment of attorneys' fees and investigative costs is appropriate under all the circumstances, and the attorney general and prosecuting or circuit attorney shall prove to the court those expenses which were reasonable and necessary to the investigation and prosecution of such case, and the court approves such expenses as being reasonable and necessary. The provisions of section 33.080, RSMo, notwithstanding, moneys in the Medicaid fraud prosecution revolving fund shall not lapse at the end of the biennium.

[11.] **12.** A person who violates subsections 1 to [4] **3** of this section shall be liable for a civil penalty of not less than five thousand dollars and not more than ten thousand dollars for each separate act in violation of such subsections, plus three times the amount of damages which the state and federal government sustained because of the act of that person, except that the court may assess not more than two times the amount of damages

which the state and federal government sustained because of the act of the person, if the court finds:

(1) The person committing the violation of this section furnished personnel employed by the attorney general and responsible for investigating violations of sections 191.900 to 191.910 with all information known to such person about the violation within thirty days after the date on which the defendant first obtained the information;

(2) Such person fully cooperated with any government investigation of such violation; and

(3) At the time such person furnished the personnel of the attorney general with the information about the violation, no criminal prosecution, civil action, or administrative action had commenced with respect to such violation, and the person did not have actual knowledge of the existence of an investigation into such violation.

[12.] **13.** Upon conviction pursuant to this section, the prosecution authority shall provide written notification of the conviction to all regulatory or disciplinary agencies with authority over the conduct of the defendant health care provider.

[13.] **14.** The attorney general may bring a civil action against any person who shall receive a health care payment as a result of a false statement or false representation of a material fact made or caused to be made by that person. The person shall be liable for up to double the amount of all payments received by that person based upon the false statement or false representation of a material fact, and the reasonable costs attributable to the prosecution of the civil action. All such restitution shall be paid and deposited to the credit of the Medicaid fraud reimbursement fund, and all such cost reimbursements shall be paid and deposited to the credit of the Medicaid fraud prosecution revolving fund. No reimbursement of such costs attributable to the prosecution of the civil action shall be made or allowed except with the approval of the court having jurisdiction of the civil action. No civil action provided by this subsection shall be

brought if restitution and civil penalties provided by subsections [10 and] 11 and 12 of this section have been previously ordered against the person for the same cause of action.

191.907. 1. Any person may bring a civil action in the name of the state to recover losses that the state suffers from a violation of sections 191.900 to 191.910. In an action brought under this section, a person who violates subsection 1 to 3 of section 191.905 is liable as provided by subsection 12 of section 191.905. The amount of any civil penalty assessed by the court under this section shall be reduced by the amount of any civil monetary penalty which the person establishes that he or she has paid under the laws of the United States for a violation of 31 U.S.C. section 3729, et seq., as long as such violation is based on the same underlying facts upon which the state action was brought. At the time of filing the complaint, the person shall deliver a copy of the complaint and written disclosure of all material evidence and information the person possesses to the state attorney general. The complaint shall be filed in camera, shall remain under seal for at least one hundred and twenty days, and shall not be served upon the defendant until the court so orders. The attorney general may elect to intervene and proceed with the action within sixty days after it receives both the complaint and the material evidence and information. During the period in which the complaint is under seal, the attorney general may elect to initiate discussions with the accused provider in an attempt to facilitate a resolution of the claim prior to the commencement of judicial proceedings.

2. The attorney general may, for good cause shown, move the court for an extension of the time during which the complaint remains under seal, as provided by subsection 1 of this section. Any such motion may be supported by affidavits or other submissions in camera.

3. Before the expiration of the one hundred and twenty day period or any extensions obtained under subsection 2 of this section, the attorney general shall:

(1) Notify the court and the person initiating the action that it will proceed with the action, in which case the action shall be conducted by the attorney general; or

(2) Notify the court that it declines to take over the action, in which case the action shall be dismissed, notwithstanding any objection by the person initiating the action.

4. When a person files an action under this section, no person other than the attorney general shall intervene or bring a related action based on the facts underlying the pending action.

5. If the attorney general elects to proceed with the action, he or she shall have the primary responsibility for conducting the action, and shall not be bound by any act of the person initiating the action. Such person shall have the right to continue as a party to the action, subject to the limitations set forth in subsection 8 of this section.

6. The attorney general may voluntarily dismiss the action notwithstanding the objections of the person initiating the action, but only if that person has been notified of and offered the opportunity to participate in a hearing on the motion to dismiss.

7. The attorney general may settle the action, notwithstanding the objections of the person initiating the action, but only if that person has been notified of and offered the opportunity to participate in a hearing on the settlement, and if the court determines that the settlement is fair, adequate, and reasonable under the circumstances.

8. Upon a showing by the attorney general that unrestricted participation during the course of the litigation by the person initiating

the action would interfere with or unduly delay the attorney general's prosecution of the case, or would be repetitious, irrelevant, or unduly harassing, the court may, in its discretion, impose limitations on the person's participation, such as:

(1) Limiting the number of witnesses the person may call;

(2) Limiting the length of the testimony of witnesses;

(3) Limiting the person's cross-examination of witnesses; or

(4) Otherwise limiting the participation by the person in the litigation.

Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be unduly harassing, or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

9. Upon a showing, conducted in camera, that actions of the person initiating the action during discovery would interfere with the attorney general's investigation or prosecution of a criminal or civil matter, the court may stay the discovery by the person initiating the action for not more than sixty days. The court may extend the stay upon a further showing that the attorney general is pursuing the investigation or proceeding with reasonable diligence and the discovery would interfere with the ongoing investigation or proceeding.

10. As an alternative to an action authorized by this section, the attorney general may pursue a violation of sections 191.900 to 191.910 through any alternate proceeding available to this state. If the attorney general pursues an alternate proceeding, a person who initiated an action under this section shall have equivalent rights in that proceeding to the rights that the person would have had if the

action had continued under this section. Findings of fact and conclusions of law that become final in an alternative proceeding shall become conclusive on the parties to an action under this section. For the purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court, if the time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

11. If the party initiating an action filed under this section prevails in the action, the court shall award such person necessary expenses, costs, and, based on the amount of effort involved, the court shall award such person fifteen to twenty-five percent of the monetary proceeds resulting from the action or any settlement of the claim.

12. If the court finds an action under this section to be based primarily on disclosure of specific information that was not provided by the person initiating the action, such as information from a criminal, civil, or administrative hearing in a state or federal department or agency, a legislative report, hearing, audit, or investigation, or the news media, and the attorney general proceeds with the action, the court shall award the person initiating the action no more than ten percent of the monetary recovery in addition necessary expenses, and costs.

13. If the court finds that the person initiating an action under this section planned, initiated, or participated in the conduct upon which the action is brought, the court may reduce or eliminate, as it considers appropriate, the share of the proceeds of the action that the person would otherwise be entitled to receive. A person who is convicted of criminal conduct arising from a violation of sections 191.900 to 191.910 shall not initiate or remain a party to an action under this section and is not entitled to

share in the monetary proceeds resulting from the action or any settlement under this section.

14. A person other than the attorney general shall not bring an action under this section that is based on allegations or transactions that are already the subject of a civil suit, criminal investigation or prosecution, or an administrative investigation or proceeding to which the state or the federal government is already a party. The court shall dismiss an action brought in violation of this subsection.

15. Unless the person is the original source of the information, a person, other than the attorney general, shall not initiate an action under this section based on the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing in a state or federal department or agency, a legislative report, hearing, audit, or investigation, or the news media. The person is the original source if he or she had direct and independent knowledge of the information on which the allegations are based and voluntarily provided the information to the attorney general as part of the filing of an action based on that information under this section.

16. The attorney general shall not be liable for any expenses, costs, or attorney's fees that a person incurs in bringing an action under this section. Any amount awarded to a person initiating an action to enforce sections 191.900 to 191.910 is payable solely from the proceeds of the action or settlement.

17. The attorney general shall establish guidelines for enforcing and implementing the provisions of this section. Such guidelines shall be modeled upon the standards established by the "Guidance on the Use of the Civil False Claims Act in Civil Health Care Matters" issued by the United States Department of Justice on June 3, 1998, including any revisions to the standards. In developing such guidelines, the attorney general may solicit comments from

health care providers.

18. Venue for an action brought under this section shall be in Cole County.

19. An action brought under this section shall not be brought more than five years after the date on which the violation was committed.

20. Nothing within this section shall be deemed to alter the statutes of limitations provided in section 516.105, RSMo, or section 537.100, RSMo.

191.908. 1. An employer shall not discharge, demote, suspend, threaten, harass, or otherwise discriminate against an employee in the terms and conditions of employment because the employee initiates, assists in, or participates in a proceeding or court action under section 191.900 to 191.910. Such prohibition shall not apply to an employment action against an employee who:

(1) The court finds brought a frivolous or clearly vexatious claim;

(2) The court finds to have planned, initiated, or participated in the conduct upon which the action is brought; or

(3) Is convicted of criminal conduct arising from a violation of sections 191.900 to 191.910.

2. An employer who violates this section is liable to the employee for all of the following:

(1) Reinstatement to the employee's position without loss of seniority;

(2) Two times the amount of lost back pay;

(3) Interest on the back pay;

(4) Compensation for any special damages;

(5) Any other relief necessary to make an employee whole.

191.909. 1. By January 1, 2007, and annually thereafter, the attorney general's office shall report to the general assembly and the governor the following:

(2) The number of referrals due to allegations of violations under sections 191.900 to 191.910 received by the attorney general's office;

(3) The total amount of overpayments identified as the result of completed investigations;

(5) The total amount of monetary recovery as the result of completed investigations;

(6) The total number of arrests, indictments, and convictions as the result of completed investigations.

An annual financial audit of the Medicaid fraud unit within the attorney general's office shall be conducted and completed by the state auditor in order to quantitatively determine the amount of money invested in the unit and the amount of money actually recovered by such office.

2. By January 1, 2007, and annually thereafter, the department of social services shall report to the general assembly and the governor the following:

(1) The number of medicaid provider and recipient investigations and audits relating to allegations of violations under sections 191.900 to 191.910 completed within the reporting year, including the age and type of cases;

(7) The total amount of monetary recovery as the result of completed investigation, reviews, or audits;

(8) The number of administrative sanctions against medicaid providers, including the number of providers excluded from the program.

An annual financial audit of the program integrity unit within the department of social services shall be conducted and completed by the state auditor in order to quantitatively determine the amount of money invested in the unit and the amount of money actually recovered by such office.

191.910. 1. The attorney general shall have authority to investigate alleged or suspected violations of sections 191.900 to 191.910, and shall have all powers provided by sections 407.040 to 407.090, RSMo, in connection with investigations of alleged or suspected violations of sections 191.900 to 191.910, as if the acts enumerated in subsections 1 to 3 of section 191.905 are unlawful acts proscribed by chapter 407, RSMo, provided that if the attorney general exercises such powers, the provisions of section 407.070, RSMo, shall

also be applicable; and may exercise all of the powers provided by subsections 1 and 2 of section 578.387, RSMo, in connection with investigations of alleged or suspected violations of sections 191.900 to 191.910, as if the acts enumerated in subsections 1 to 3 of section 191.905 involve “public assistance” as defined by section 578.375, RSMo. The attorney general and his **or her** authorized investigators shall be authorized to serve all subpoenas and civil process related to the enforcement of sections 191.900 to 191.910 and chapter 407, RSMo. [In order for the attorney general to commence a state prosecution] For violations of sections 191.900 to 191.910, the attorney general shall prepare and forward a report of the violations to the appropriate prosecuting attorney. Upon receiving a referral, the prosecuting attorney shall either commence a prosecution based on the report by the filing of a complaint, information, or indictment within sixty days of receipt of said report or shall file a written statement with the attorney general explaining why criminal charges should not be brought. This time period may be extended by the prosecuting attorney with the agreement of the attorney general for an additional sixty days. If the prosecuting attorney commences a criminal prosecution, the attorney general or his designee shall be permitted by the court to participate as a special assistant prosecuting attorney in settlement negotiations and all court proceedings, subject to the authority of the prosecuting attorney, for the purpose of providing such assistance as may be necessary. If the prosecuting attorney fails to commence a prosecution and fails to file a written statement listing the reasons why criminal charges should not be brought within the appropriate time period, or declines to prosecute on the basis of inadequate office resources, the attorney general shall have authority to commence prosecutions for violations of sections 191.900 to 191.910. In cases where a defendant pursuant to a common scheme or plan has committed acts which constitute or would constitute violations of sections 191.900 to

191.910 in more than one state, the attorney general shall have the authority to represent the state of Missouri in any plea agreement which resolves all criminal prosecutions within and without the state, and such agreement shall be binding on all state prosecutors.

2. In any investigation, hearing or other proceeding pursuant to sections 191.900 to 191.910, any record in the possession or control of a health care provider, or in the possession or control of another person on behalf of a health care provider, including but not limited to any record relating to patient care, business or accounting records, payroll records and tax records, whether written or in an electronic format, shall be made available by the health care provider to the attorney general or the court, and shall be admissible into evidence, regardless of any statutory or common law privilege which such health care provider, record custodian or patient might otherwise invoke or assert. The provisions of section 326.151, RSMo, shall not apply to actions brought pursuant to sections 191.900 to 191.910. The attorney general shall not disclose any record obtained pursuant to this section, other than in connection with a proceeding instituted or pending in any court or administrative agency. The access, provision, use, and disclosure of records or material subject to the provisions of 42 U.S.C. section 290dd-2 shall be subject to said section, as may be amended from time to time, and to regulations promulgated pursuant to said section.

3. **A health care provider shall maintain adequate records necessary to fully disclose the nature of the health care for which a claim was submitted or payment was received under a medical assistance program, or such records as are necessary to fully disclose all income and expenditures upon which rates of payment were based under a medical assistance program. Upon submitting a claim for or upon receiving payment for health care under a medical assistance program, a health care provider shall maintain adequate records for at least five years**

after the date on which payment was received, if payment was received, or for five years after the date on which the claim was submitted, if payment was not received. Any provider who fails to maintain adequate records as provided by this subsection shall be guilty of a class A misdemeanor.

4. No person shall knowingly destroy or conceal such records as are necessary to fully disclose the nature of the health care for which a claim was submitted or payment was received under a medical assistance program, or such records as are necessary to fully disclose all income and expenditures upon which rates of payment were based under a medical assistance program. Upon submitting a claim for or upon receiving payment for health care under a medical assistance program, a person shall not destroy or conceal any records for five years after the date on which payment was received, if payment was received, or for five years after the date on which the claim was submitted, if payment was not received. Any provider who knowingly destroys or conceals such records shall be guilty of a class D felony.

5. Sections 191.900 to 191.910 shall not be construed to prohibit or limit any other criminal or civil action against a health care provider for the violation of any other law. Any complaint, investigation or report received or completed pursuant to sections 198.070 and 198.090, RSMo, subsection 2 of section 205.967, RSMo, sections 375.991 to 375.994, RSMo, section 578.387, RSMo, or sections 660.300 and 660.305, RSMo, which indicates a violation of sections 191.900 to 191.910, shall be referred to the attorney general. A referral to the attorney general pursuant to this subsection shall not preclude the agencies charged with enforcing the foregoing sections from conducting investigations, providing protective services or taking administrative action regarding the complaint, investigation or report referred to the attorney general, as may be provided by such sections; provided that all material developed by

the attorney general in the course of an investigation pursuant to sections 191.900 to 191.910 shall not be subject to subpoena, discovery, or other legal or administrative process in the course of any such administrative action. Sections 191.900 to 191.910 take precedence over the provisions of sections 198.070 and 198.090, RSMo, subsection 2 of section 205.967, RSMo, sections 375.991 to 375.994, RSMo, section 578.387, RSMo, and sections 660.300 and 660.305, RSMo, to the extent such provisions are inconsistent or overlap.

191.914. 1. Any person who intentionally files a false report or claim alleging a violation of sections 191.900 to 191.910 shall be guilty of a class D felony.

2. It shall be a class D felony for any person to receive any compensation in exchange for knowingly failing to report any violation of subsections 1 to 3 of section 191.905.”; and

Further amend said bill, page 22, section 208.640, line 19 of said page, by inserting immediately after said line the following:

Journal of the Senate

SECOND REGULAR SESSION

SEVENTY-SECOND DAY—FRIDAY, MAY 12, 2006

The Senate met pursuant to adjournment.

Senator Dougherty in the Chair.

Reverend Carl Gauck offered the following prayer:

“Therefore nothing should give comfort and joy to those who love you as much as knowing that your will and purposes are accomplished in them.” (Thomas a Kempis)

Gracious God, this is it; our last day to try to get a lot done in a tight amount of time. And whether we get that last minute bill before our body or last ditch effort to pass what we consider important legislation, let us be mindful that our comfort and joy comes from our relationship with You and our efforts to follow Your lead and accomplish it in what we have done here, for Your will and honor are more important than anything else. And may we all know Your blessings this day and end the day in praise and Alleluias. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS for SCS for SB 1175**, entitled:

An Act to amend chapter 67, RSMo, by adding thereto one new section relating to a sales tax for community center development.

With House Amendment Nos. 1, 2, 3, House Amendment No. 1 to House Amendment No. 4 and House Amendment No. 4, as amended.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 1175, Page 1, In the Title, Lines 2 and 3, by deleting the words “a sales tax for community center development” and inserting in lieu thereof the following: “taxation in political subdivisions”; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

“67.997. 1. The governing body of any county of the third classification without a township form of government and with more than eighteen thousand one hundred but fewer than eighteen thousand two hundred inhabitants may impose, by order or ordinance, a sales tax on all retail sales made within the county which are subject to sales tax under chapter 144, RSMo. The tax authorized in this

section shall not exceed one-fourth of one percent, and shall be imposed solely for the purpose of funding senior services and youth programs provided by the county. One-half of all revenue collected under this section shall be used solely to fund any service or activity deemed necessary by the senior service tax commission established in this section, and one-half of all revenue collected under this section shall be used solely to fund all youth programs administered by an existing county community task force. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the county submits to the voters residing within the county at a state general, primary, or special election a proposal to authorize the governing body of the county to impose a tax under this section.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the county) impose a sales tax at a rate of (insert rate of percent) percent, with half of the revenue from the tax to be used solely to fund senior services provided by the county and half of the revenue from the tax to be used solely to fund youth programs provided by the county?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following the approval of

the tax or notification to the department of revenue if such tax will be administered by the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county which imposed the tax may adopt one of the two following provisions for the collection and administration of the tax:

(1) The county may adopt rules for the internal collection of such tax by the county officers usually responsible for collection and administration of county taxes; or

(2) The county may enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. In the event the county enters into an agreement with the director of revenue for the collection of the tax, on or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Senior Services and Youth Programs Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county for

erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county may authorize the use of a bracket system similar to that authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.524, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption

certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525, RSMo.

6. The governing body of any county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the county) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of funding senior services and youth programs provided by the county?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority

of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county

and close the account of that county. The director shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Each county imposing the tax authorized in this section shall establish a senior services tax commission to administer the portion of the sales tax revenue dedicated to providing senior services. Such commission shall consist of seven members appointed by the county commission. The county commission shall determine the qualifications, terms of office, compensation, powers, duties, restrictions, procedures, and all other necessary functions of the commission.”; and

Further amend said title, enacting clause and intersectional references accordingly.

The tax authorized in this section shall not exceed one-half of one percent, and shall be imposed solely for the purpose of providing revenues for the operation of public safety departments, including police and fire departments, and for compensation, pension programs, and health care for employees and pensioners of the public safety departments. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city) impose a sales tax at a rate of (insert rate of percent) percent, solely for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X"

in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding

month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.524, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales

tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525, RSMo.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority

of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit

the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.”; and

OBJECTIONS

Senator Coleman submitted the following

constitutional objection:

May 17, 2006

Terry L. Spieler – Secretary of the Missouri Senate
Missouri State Capitol, Room 325
Jefferson City, Missouri 65101

**RE: *Constitutional Objections to be Included in the
Senate Journal of this Date.***

Dear Terry:

Pursuant to Senate Rule 68, please let this serve as my written objections to the signing of CCS/HCS/SS#2/SCS/SB 1014 & 730. I ask that this letter be printed in the journal. My objections are as follows:

Objections based on the substance of the legislation.

- Section 115.427 of this bill, which requires voters to have photographic identification to vote, violates the Fourteenth Amendment to the United States Constitution. Since the United States Supreme Court handed down the decision of *Harper v. Virginia Board of Elections* in 1966, it has been considered unconstitutional to require a poll tax.

While this bill makes provisions that the photographic identifications be free, the bill does not address section 302.171 of the Missouri Revised Statutes. Section 302.171 requires proof of lawful presence in order to obtain a driver's license. For natural born citizens, the two forms of proof of lawful residence required in order to get a driver's license are a birth certificate or a United States passport. Both of these forms of proof require payment to the state of Missouri or to the government of the United States respectively.

In *Harper*, the United States Supreme Court stated,

We conclude that a State violates the Equal Protection Clause of the Fourteenth Amendment whenever it makes the affluence of the voter or payment of any fee an electoral standard. Voter qualifications have no relation to wealth *nor to paying or not paying this or any other tax.*

383 U.S. 663, 666, 86 S.Ct. 1079, 1081 (1966)(emphasis added).

Because a voter would be required to pay the government in order to obtain forms of proof that satisfy the requirements to obtain a photographic identification, this provision is in fact a poll tax and therefore violates the Fourteenth Amendment to the United States Constitution.

- Section 115.427 of the bill also violates Article VIII, Section 2 of the Missouri Constitution. This constitutional provision sets out the qualifications for voters. The General Assembly has no authority to require

qualifications – including a qualification that voter have a photographic identification – that exceed the qualifications set out in the Missouri Constitution.

- The bill violates Article X, Section 21 of the Missouri Constitution – colloquially known as the Hancock Amendment. The bill burdens local election authorities with several new requirements beyond existing law and – as was noted several times in floor debate on this bill – the General Assembly has utterly and completely failed to provide any appropriation for these new burdensome requirements.
- The bill violates Article I, Section 14 of the Missouri Constitution – colloquially known as the Open Courts provision. This bill removes all ability for a citizen to petition a state Court for either a legal or equitable remedy connected with the citizen's right to vote. The bill allows for an election authority – and only an election authority – to petition the court for a remedy. As such, the bill closes the courts of justice to every person seeking to enforce his or her right to vote other than an election authority.

Objections based on the process through which the legislation was passed.

- The process through which this bill was passed violated Article III, Section 18 of the Missouri Constitution. This constitutional provision allows the Senate to determine the rules for its proceedings. Implicit within that constitutional authorization is that the Senate must actually follow its own rules. Indeed, in the case of *State ex rel Danforth v. Cason*, the Missouri Supreme Court acknowledged that even the Lieutenant Governor, when presiding over the body, was bound under the Missouri Constitution to follow the rules of the Senate. 507 S.W.2d 405, 413-414 (Mo. 1974).

The process through which this bill passed violated Rule 51 of the Senate Rules relating to committee votes. The conference committee on this bill specifically voted not to include the repeal of straight party ticket voting. Nevertheless, the version of the bill that passed the Senate contained such a repeal.

The sponsor of this bill and the majority party are not emperors on high free to include provisions in a bill that were specifically rejected by a conference committee. This shocking breach of rules and protocol exhibited extreme arrogance on the part of the majority party and the sponsor.

In addition to their flagrant disregard for the Senate Rule and the Missouri Constitution in bringing to the floor a CCS that contained provisions specifically rejected by

the conference committee, the sponsor and the majority party leadership also violated sections 610.015 and 610.020 of the Missouri Revised Statutes. These sections require open meetings and public votes. Instead of a process that was open to let the sun shine in as the spirit of the sunshine law requires, the process through which this legislation passed smacked of secret back-room deals that the People of Missouri have clearly rejected.

- The process through which this bill passed violated section 23.140 of the Missouri Revised Statutes. This section requires that a hearing be held by the Joint Committee on Legislative Research when there is a challenge to a fiscal note. On May 9, 2006, Senator Green served on the chair of the Joint Committee on Legislative Research, Senator Nodler, a challenge to the fiscal note on this bill. Under section 23.140, the committee was required to hold a hearing on the challenge. Nevertheless, in another flagrant disregard for constitutional requirements, statutes, and rules, Senator Nodler did not hold such a hearing.
- Finally, and perhaps the most shocking of all the breaches of either the United States or Missouri constitution, is the fact that the proceedings on this bill on the legislative day of May 11, 2006 violated Article III, Section 5 of the Missouri Constitution. This constitutional provision states that the senate shall consist of *thirty-four members*. When Senator Koster was presiding during these proceedings and blatantly refused to recognize me to raise a point of order – a matter which is *always* in order – the constitution was violated by rendering the Senate to have only thirty-three members. I reiterate that the sponsor of the bill and the leadership of the majority party are not emperors on high free to rule with a reign of tyranny in this chamber.

I would add that when my party controlled the chamber, the kind of tyrannical tactics that were used on this bill were not employed. I can only hope that when my party returns to power, I am able to convince our membership not to employ the same tactics that have been used on this piece of legislation. My disappointment in how several members of the majority party have behaved during this process could not be greater.

I ask that these objections be attached to the bill and considered by the Governor. I ask the Governor to veto this bill due to its blatant lack of regard for the United States Constitution and the Missouri Constitution which the members of the Senate have taken an oath to support.

Thank you.

Sincerely,

/s/ Maida J. Coleman

Journal of the Senate
NINETY-THIRD GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
SECOND REGULAR SESSION
VETO SESSION

FIRST DAY—WEDNESDAY, SEPTEMBER 13, 2006

The Senate was called to order in Veto Session by Lieutenant Governor Peter Kinder.

The Reverend Carl Gauck offered the following prayer:

Gracious God, we join the people of this nation this week in prayer and remembering. We remember how five years ago we prayed for our country that we might "discover strength while feeling vulnerable, obtain peace while feeling distressed and have solidarity amidst our diversity" and You, O Lord, have provided it to us and comforted us. Today we pray that You teach us a message of love that it may be heard louder than those who desire violence and hatred. And again we pray that You "open our hearts to appreciate more fully the gifts of freedom and grace we sometimes take for granted." Help us good Lord to love more completely those You have given us - our families and our friends and those to whom we have to say our good-byes and those we have committed to Your loving presence. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.
